Keeping the city safe ... building for earthquakes

Many parts of the world have recently been struck by devastating earthquakes resulting in mass destruction and multiple deaths. These earthquakes will be an earmark by which we will measure future disasters. Many of the deaths seen in these recent quakes might have been prevented had strict standards of building and construction been in place in the years preceding these events. Bets are up on the success of Sycuan Casino upgrades

Renovations are under way at Sycuan Casino. With a full design overhaul in process, the casino is scheduled to have every inch of the interior revamped by Fall 2011. The casino remains open to the public as Sycuan's design and architecture teams work in phases to renovate the casino gaming areas, create an all new non-smoking buffet, open a new sports bar & grill restaurant and install a one-of-a-kind specialty lighting fixture in the main lobby.

Hnedak Bobo Group (HBG) and Cleo Design, both renowned in the hospitality industry, have designed, built and decorated casinos and gaming spaces in Las Vegas and across the United States. Some of the upgrades and elements they will incorporate into Sycuan Casino include bold and beautiful carpets featuring a custom-designed pattern, new tile and stonework, rich wall coverings and woodwork and architectural

ceilings making the casino its own work of art.

Due for completion on May 27, Paipa's Buffet will be in a new location and will now be entirely non-smoking. Renovations to the buffet include a new kitchen, seating to fit 320 people, more specialty food stations and design elements aimed at making each guest's dining experience new and enjoyable. Executive Chef Paul Schwab will complement the visual upgrades by incorporating fresh, new menu items including brick oven pizza, a fresh pasta station, freshly made tortillas, grilled steaks and an expansive new desert bar.

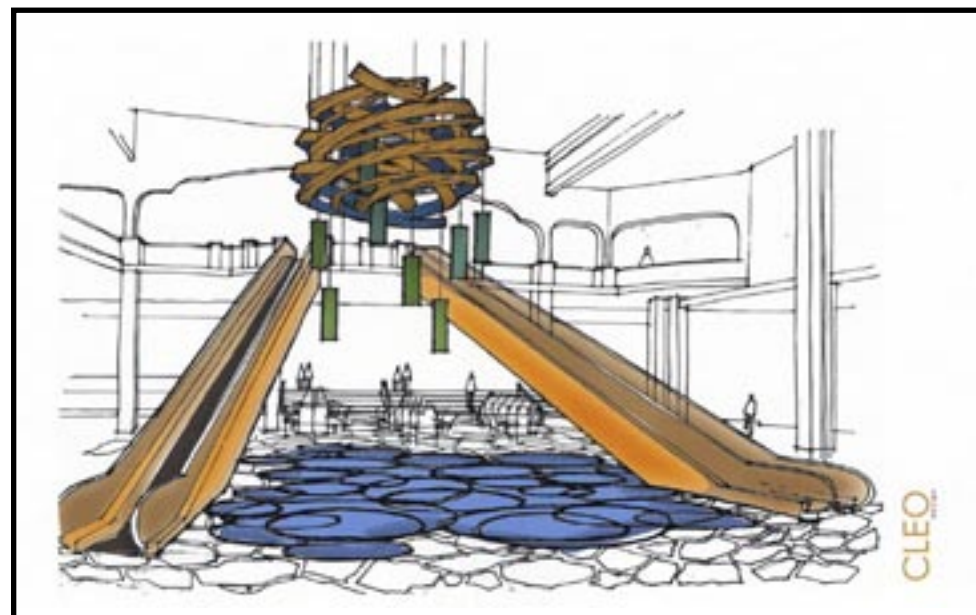

On August 31, Sycuan Casino will reveal its most stunning new addition: a 15-foot in diameter, specialty lighting feature hung from the atrium ceiling. Programmable LED lights will spill color and light down to a video floor below giving the illusion of water,

but no water will be used. The feature is the first of its kind in San Diego.

A component designed for sports fans is the brand new GameDay Sports Bar & Grill, also set to open on August 31. The sports bar will be an experience for football, baseball, basketball and hockey fans to meet with friends in an open, exciting environment with numerous high definition and projection TVs. The menu will feature more casual fare, including pizza and hardwood-smoked barbecue specialties.

Other renovations to Sycuan Casino include visual upgrades to the Poker Room, Off Track Betting Room, Bingo Pavilion, gift shop and the restrooms.

Opened in 1983 by the Sycuan Band of the Kumeyaay Nation, Sycuan Casino holds the distinction of being the first Native American gaming operation in San Diego County. Building upon the success of the Casino, and to further realize its goal of self reliance and diversification, the Tribe established the Sycuan Tribal Development Corporation (STDC). STDC's first acquisition was the Singing Hills golf and tennis resort. Since then, STDC has gone on to purchase and restore the historic U.S. Grant hotel in downtown San Diego, develop the Best Western Marina Gateway hotel/retail project in National City and start a capital

management firm. In addition to its business enterprises, Sycuan demonstrates its strong commitment to the San Diego

region through its support of civic and charitable organizations. The Tribe also seeks to reinvest back into the San

Diego community with a progressive business development effort and currently employs nearly 4,000 people.

Residential waste and recycling service delayed

Waste Management of San Diego's curbside residential trash and recycling pick-up schedule will be delayed by one day throughout the week of May 30, in observance of Memorial Day. This means customers in the following cities should place their bins out for pick-up one day later than usual, beginning Tuesday, May 31 through Saturday, June 4:

- 4S Ranch
- El Cajon
- Santee
- Communities in unincorporated San Diego County, including Lakeside, Spring Valley, Alpine and Jamul

"Residential customers who usually receive service on Monday will instead receive it Tuesday, and so on throughout the week, with Friday's customers receiving service on Saturday," said Carl Scherbaum, district manager. "We appreciate our customers' cooperation with the holiday schedule so that our employees can observe Memorial Day."

Business commercial trash and recycling services in these cities and all trash and recycling services in the City of San Diego will not be affected by the holiday – these services will remain on the regular Monday through Saturday schedule for the same week.

The local Waste Management office, buyback center and the customer service center will be closed on Monday, May 30, with normal operations resuming on Tuesday, May 31.

Customer service is available at 1-866-WM RECYCLE.

Building codes and earthquakes

Worker inspecting building plans. Photos credit: Monica Zech

by Monica Zech
City of El Cajon Public
Information Officer

In January of last year, the Republic of Haiti experienced a 7.0 magnitude earthquake. A few months later a 7.2 magnitude earthquake hit our area, the [strongest to hit this region](#)

in decades, with most of the damage taking place south of the border in Mexicali, Mexico. Most recently, on March 11, 2011, a 9.0 earthquake struck off of the east coast of Honshu, Japan, resulting in Tsunamis, death, mass destruction and a nuclear crisis. There is probably no greater model of a catastrophic geologic event

than the Honshu quake; and it will remain as the earmark by which we will measure future disasters for years to come.

Though the differences in geology, urban density, soil characteristics, and epicenter depth make comparisons of any two earthquakes more of a guessing game than a science, there is one constant that affects the outcome of every event - it's all about what you do before the earthquake that matters. Whether this is in the form of a well-developed disaster preparedness plan, or the assurance of high standards of building construction, it's all about what has been done before the event that will lessen the loss of life and property. For El Cajon Building Official Dan Pavao, it is a constant reminder of the importance of his job and that of his Building/Code Enforcement staff. Many of the deaths seen in these recent quakes might have been prevented had strict standards of building and construction been in place in the years preced-

ing these events. Pavao said, "Building codes are not something you think about or appreciate on a day-to-day basis, but they are very important to our safety and protection in the modern world." The El Cajon building inspection team works with design professionals and contractors to assure that the buildings where we live, work, and play meet strict guidelines for health and safety. It's also a reminder of "why" we require permits in construction, whether it's a remodel or renovation project, or a new structure. When someone builds without the proper permits or inspections, tragic events can occur, such as; fires, electrical mishaps and more. It's a matter of life and death - not money.

Earthquakes are also a reminder of the fragile nature of our society. Our very lives depend on a specialized technical infrastructure that has grown over the decades. Everything is breakable, but building codes and standards help to protect us when disasters strike. The Building and Fire Safety Division provides services to the community through plan checks, inspection of new buildings and structures, inspection of fire safety and protection systems, inspection of hazardous and high risk occupancies, permitting and inspection of mobile home installations, inspection of substandard properties, graffiti eradication, and citizen reports.

Our staff is dedicated to providing this service to our customers with the highest degree of professionalism! If you have a project or concern please feel free to call the Building and Fire Safety Division at (619) 441-1726.

While it is unfortunate that it is only at a time of natural disaster that we think about the invisible world of engineers and building officials who make our world a safer place, you can sleep easy knowing that they are here in El Cajon and in other cities. "Building and fire codes allow our world to be what it is today," said Building Official Dan Pavao. "They allow us to construct buildings that can withstand earthquakes or other natural disasters."

All the recent shaking is yet another reminder to prepare for natural disasters in your home or business by taking some simple precautions and planning ahead. Shelving, heavy appliances, and televisions can be securely fastened

to the wall or floor, with heavier items stored low. Be sure your water heater is installed with earthquake bracing. Educate your family and coworkers on emergency preparedness and keep disaster supplies on hand and updated on a regular basis. Disaster items include a flashlight with extra batteries, battery operated radio, first aid kit, at least a 3-day food and water supply, a non-electric can opener, essential medicines, cash and credit cards, etc.

To learn more about preparedness, visit www.alertsandiego.org. Also take the opportunity to sign up for the reverse 9-1-1 system if you haven't already done so. Consider joining a Community Emergency Response Team (CERT) program nearest you.

This year, the 2011 San Diego County Fair, presented by Albertsons/Sav-on, will feature a special 75th Anniversary exhibit at Surfside Race Place to tell the story of the Fairgrounds and the Fair. In the early days of the Fair, the event was held in various places, such as Escondido, Oceanside and Balboa Park in San Diego. The Fair found a permanent home in Del Mar in January of 1936, as the Works Progress Administration awarded San Diego County a half-million dollar grant to build the Fairgrounds on what was the old Del Mar Golf Course. Construction immediately commenced, and the first County Fair in Del Mar opened on October 8, 1936. The 75th Anniversary exhibit will feature three segments: A look back at the history of the San Diego County Fair, a retrospective of thoroughbred horse racing, and auto racing at the Fairgrounds. The theme for this year's Fair is everything about cars, Cars, CARS! Southern California is a mecca for car clubs and car enthusiasts from around the world. There's no better place to celebrate automotive history and car culture than at the San Diego County Fair! Featured throughout the Fair are exotic cars, luxury cars, "star" cars, muscle cars, low riders, Southern California car culture and lots more! And, true to the mission of the 22nd District Agricultural Association, the 2011 San Diego County Fair will highlight agriculture, farmers, 4H, FFA and Grange. Gates open daily at 11 a.m., Tuesdays through Fridays, and 10 a.m., Saturdays, Sundays and Monday, July 4. Admission is \$13 for adults; \$7 for ages 6-12 and 62 and older; and free for ages 5 and younger. The San Diego County Fair is the largest annual event in San Diego County and the sixth largest fair in the United States. The 2010 Fair hosted more than 1.3 million guests and hit an all-time attendance record. For more information about the Fair, go to the Fair website, www.sdfair.com.

Inspiration

High inflation reaches a new low

Rev. James L. Snyder

I am not usually given to protesting much of anything these days. "Live and let live," is the motto I go by and up until now, it has served me rather well and I have no complaints.

I must confess, however, that recently I have been challenged in this area of my life. I have tried to keep my cool and have succeeded to a minimal success. I know one of these days I am going to turn into Popeye where he says, "That's all I can stand, I can't stand n'more?" Then, look out.

I will be the first to say that I certainly do not understand economics. Balancing my checkbook each month, for example, is an act fit for a three-ring circus. I remember I did balance my checkbook once but that was 1978. My policy has been to run my checkbook until it is so completely mixed up I have to close that account and open up a new account. It is easier for me to do it that way. To spend 97 hours each month

balancing my checkbook is a waste of time as far as I am concerned. For me, it is that time of the month when I come the closest to swearing.

I try to listen to these money and economy experts explaining the whole economic situation. I just wish they would not speak in Chinese.

Of course, I am not sure I want to listen to all of these financial experts. After all, the Wall Street financial wizards are the ones responsible for the financial mess our nation is in right now. If they are so smart, why did they screw up our national finances so much? I know I am not smart along these lines, but then I did not mess up the national economy.

Politicians do not fare any better. I have often wondered why it is that a politician can raise so much money so quickly while running for office but once in office he does not seem to be able to handle the money. If we could take all the money politicians raise during the campaign cycle and apply

it to the national debt we would have two blessed results. One, our national debt would almost be wiped out, and two, no politician would ever be elected. I say, hallelujah, pass the offering plate.

Last week I accompanied my wife to the store to buy groceries. It was there I began understanding the influence of high inflation on my personal pocketbook. We took our groceries to the checkout counter and, as usual, I was not paying too much attention. The cashier rang up our groceries and then came to the total. I looked at it, looked at my wife, looked back at the total and exclaimed, "Are we feeding the Navy Seals?"

I took my credit card out of my wallet and as I paid the grocery bill I said to my wife, "Oh well, we have to eat."

Another day this past week, I noticed the fuel gauge on my car was pointing towards empty. I took it down to get filled up with gasoline and to my deep chagrin, and believe me, my chagrin does not get

any deeper, it was almost \$100 to fill it up. As I returned the nozzle and replaced the cap on my gas tank I sighed and said to myself, "Oh well, I have to drive to get anywhere."

On Mother's Day, I took my wife and another couple to a restaurant to celebrate Mother's Day. When I got the check, I almost expired. How can any restaurant charge that much for food and sleep at night? I put on my best smile and said to myself, "Oh well, it's nice to dine with another couple."

All of this I took in stride, as they say. This is part of living and that is part of a depressed economy. If you think our economy is depressed, come visit me and have a little chat and you will find someone who is really depressed.

Then this inflation business crossed the forbidden line.

I went up to the bakery department to purchase the obligatory Friday morning Apple Fritter. I think it is important to establish good habits and my Friday morning Apple Fritter is one of those good habits.

I was chatting to the person behind the counter who was getting my Apple Fritter and did not notice the price. I took it up to the checkout counter to pay and noticed it was \$.79. To say I was shocked is putting it mildly I assure you. Seventy-nine cents for my Apple Fritter! For over 10 years, I was paying \$.70. Now, where did this nine cent increase come from? Who is getting this extra nine cents?

Mess with my groceries, mess with my gasoline, but brother, do not mess with my Apple Fritter. The most dangerous zone on planet earth is that area between my Apple Fritter and me. It is here that I draw the line. Some things in life carry with it the sacredness of, "touch thou not." My Apple Fritter is number one on that list.

The Bible says, "To every thing there is a season, and a time to every purpose under the heaven." (Ecclesiastes 3:1 KJV).

There is a time to stand up, speak up and protest loudly.

Dear Dr. Luauna

Dear Readers,

I am pregnant again and not married. I already have children, and I don't want anymore. I think abortion is an easy way out; besides everyone is having them. What do you think? Signed, Too Many Children

Dear Too Many Children,

With much prayer and thought on how to answer this very serious situation, just know that Jesus sacrificed Himself for the good of sinners! That's perfect love!

Every life is very important – a child born or unborn. Maybe you should consider putting the new baby into the loving arms of a wonderful couple who cannot have a child and be a blessing to someone else as well a blessing to the little one in your womb.

The Bible tells us how important each child is, "Behold, children are a heritage from the LORD, The fruit of the womb is a reward." Psalm 127:3

Spinal Muscular Atrophy (SMA) is the leading genetic killer of infants and young children. It is a terminal, degenerative disease that results in the loss of nerves in the spinal cord and the weakness of the muscles connected with those nerves. SMA impacts the ability to walk, stand, sit, eat, breathe and even swallow. The mind and spirit are no different from that of a healthy baby, but the body eventually fails. Typical babies with SMA Type 1 have a life expectancy of between one and two years and they require around-the-clock medical assistance and monitoring. Parents are told to take their child home and love them because they will die before they are two.

SMA Statistics:

- SMA is the #1 genetic killer of infants and young children
- 1 out of 40 people UNKNOWNLY carry the gene
- 1 in 6,000 babies are effected every year
- SMA does not discriminate based on race, ethnicity, or gender

For Health's Sake

Stress is on the increase

by Judy Callihan Warfield

Just watching the news nowadays can raise stress levels. The world is filled with conflict, both man made and natural disasters. There are ways, however, to stay in control of emotions, thoughts, and ac-

tions. First question to address is if the thought is a fact based thought. The worry and stress generated by what if's and maybe's can greatly increase the level of anxiety. That rise in the stress level drains us emotionally and physically and actually limits the ability to cope. The next time stress or anxiety begins to surface simply check if the thoughts are based on projected concerns or are based on the actual event as is. Simply make sure to not take something that is occurring and project it out into what may or may not happen. Learn to look at the facts and not let the mind take it to the next level and create fear. Move forward and become involved so there is a sense of making a difference rather than helplessness.

Another way to reduce the knee jerk reaction to negative broadcasts is to recognize what is within the ability to control and what is not. There seems to be a lot of natural disasters all over the world. Unfortunately, natural disasters simply are not in our ability to control. One way to feel more in control is to take action. One way to take action is to be prepared. It's relaxing to know that precautions have been taken and preparations have been made for those things that simply can't be controlled. It's amazing how just taking actions offers a sense of being more in control. Stock up on bottled water and emergency supplies so there is a feeling of taking action and preparedness rather than

a feeling of hopelessness. It's about controlling what you can and accepting what you can't control.

Habitual negative thinking is on the rise. The more it's done the more it happens. Take action now to gain control of the habit of negative thinking. Hypnotherapy is a rapid form to gain control over thoughts, emotions, and choose to take action.

When it comes to healthy living, El Cajon Relay for Life Teams "Walk the Walk"

To the casual observer, those purple clad people walking the track at El Cajon's Relay For Life might just be out for a stroll. But in fact, they are on a roll – and teaching others to change lives while they save them. This June 4-5, at El Cajon Valley High School, El Cajon's Relay For Life will become a moving stage where life lessons are shared and taught; and one of the big lessons is about nutrition and healthy living.

According to the American Cancer Society, poor diet, obesity, and physical inactivity may be responsible for one out of every three cancer deaths – just as many as smoking. "We want to help change that, and Relay For Life is a perfect way to start," said Sharon Greiner, El Cajon Relay Event Chair. For non smokers, eating right, exercising, and maintaining a healthy weight are the most important means to reduce

cancer risk. The American Cancer Society recommends eating at least five servings of fruits and vegetables each day. Adults should engage in moderate physical activity for 30 minutes or more (at least 60 minutes for children and teens,) on five or more days a week.

Relay For Life celebrates those who have battled cancer, remembers loved ones lost, and provides participants with an opportunity to fight back against the disease – all aimed at furthering the American Cancer Society's vision of a world with less cancer and more birthdays. Anyone wanting to make a difference in the fight against cancer is invited to take part in this exciting team event. Register your team today by visiting www.relayforlife.org/elcajonca or by contacting Sharon Greiner, Event Chair, at either (619) 440-1206 or tsgreiner1@cox.net

Health... Just Common
Horse Sense
by Dr. Donald Adema

The following three episodes were reported over the last four weeks. As I sat down to collect my thoughts or just control my anger, the next episode would unfold and I just could not settle down to share it in the column. If this article were to be titled, consider "Whose Child is it Anyway".

The first episode was described during the reestablishment of a long term patient. She and her husband had left for the Pacific Northwest and were surprised by their first pregnancy after many years of failed efforts. However very soon after implantation of the little life, severe nausea and vomiting overcame every aspect of her life and required intervention from the specialists of Seattle as they lived in a quiet fishing town. Nasal tubes and pic line placements later, the Seattle specialty team asked for a quiet conference during which they strongly recommended aborting the child has her nutritional status was so challenged. Mind you, she is past the first trimester. Her response was a tearful and shocked no. It gets better. A prompt psychiatric evaluation was ordered and she was deemed competent, to their surprise. She now has a beautiful perfectly normal baby girl who just dove into her first birthday cake and mom is terrified to even consider another pregnancy.

The second episode involves a family that wished to just slow down on the protocol of chemotherapy for their very young child. The mother had been living in the hospital, sometimes weeks at a time and her two other children are struggling between relatives and with Dad working hard to keep things afloat. The request was gently presented and out of exhaustion and yet supported by research in both the traditional and more integrative approaches. The rounding oncologist quietly turned around and stated that the child protective services would probably have to review the situation if that decision was made. He then moved on to the next room and left her alone and with no follow up potential any time soon.

The third episode was shared by a mother who presented a little eczema ball of boy to our practice and armed for bear on the gluten connection. After we put the weapons down and assured her that we agreed with her research, she collapsed into tears and described a system that would not even remotely consider her research. Mind you, their were names from John Hopkins and the like but they fell on deaf ears. Her beginning struggles were in the neonatal intensive care unit as her son was approximately two weeks premature. A chest xray revealed a shadow/spot and it was thought that antibiotics were in order as it could be pneumonia. A quiet query as too possibly waiting for a second opinion or a little time to observe before challenging her son's premature immune system was met with the response, "Well, we could call child protective services." He received the drugs and the process began.

Gee, I thought the Soviet Union had fallen. My advice to all in this situation is to ask for the ethical committee to review the situation and quite possibly call in the supervisor to discuss threats. You certainly will not be ignored. And, whose child is it?

Laughter is the Best Medicine

Difference between men and women

Names

If Mary, Susan, Claire and Barbara go out for lunch, they will call each other Mary, Susan, Claire and Barbara.

If John, Brad, Tony and Daniel go out, they will affectionately refer to each other as Bruno, Scrappy, Peanut-Head and Godzilla.

Eating out

When the bill arrives, John, Brad, Tony and Daniel will each throw in \$20, even though the total is only \$34.25. None of them will have any smaller bills and none will admit they want change back.

When Mary, Susan, Claire and Barbara get their bill, out come the pocket calculators.

Money

A man will pay \$10 for a \$5 item he needs.

A woman will pay \$5 for a \$10 item that she doesn't need, because it's on sale.

Bathrooms

A man has five items in his bathroom: a toothbrush, razor, shaving cream, a bar of soap, and a towel from the Motel 6.

The average number of items in a woman's bathroom is 328. The average man would not be able to identify most of them.

Arguments

Women always have the last word in an argument. Anything a man adds after that is the beginning of a new argument.

Children

A woman knows all about her children. She knows about their best friends, romances, secret hopes and dreams, favorite foods, fears and dental appointments.

A man is vaguely aware of some short people living in the house.

It's Memorial Day weekend. I am doing a "flyover" at the town parade. I'm honored to have been asked!

Remembering On Memorial Day

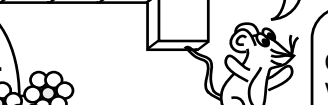

Please take a few minutes to think about the members of our armed forces who are on duty overseas!

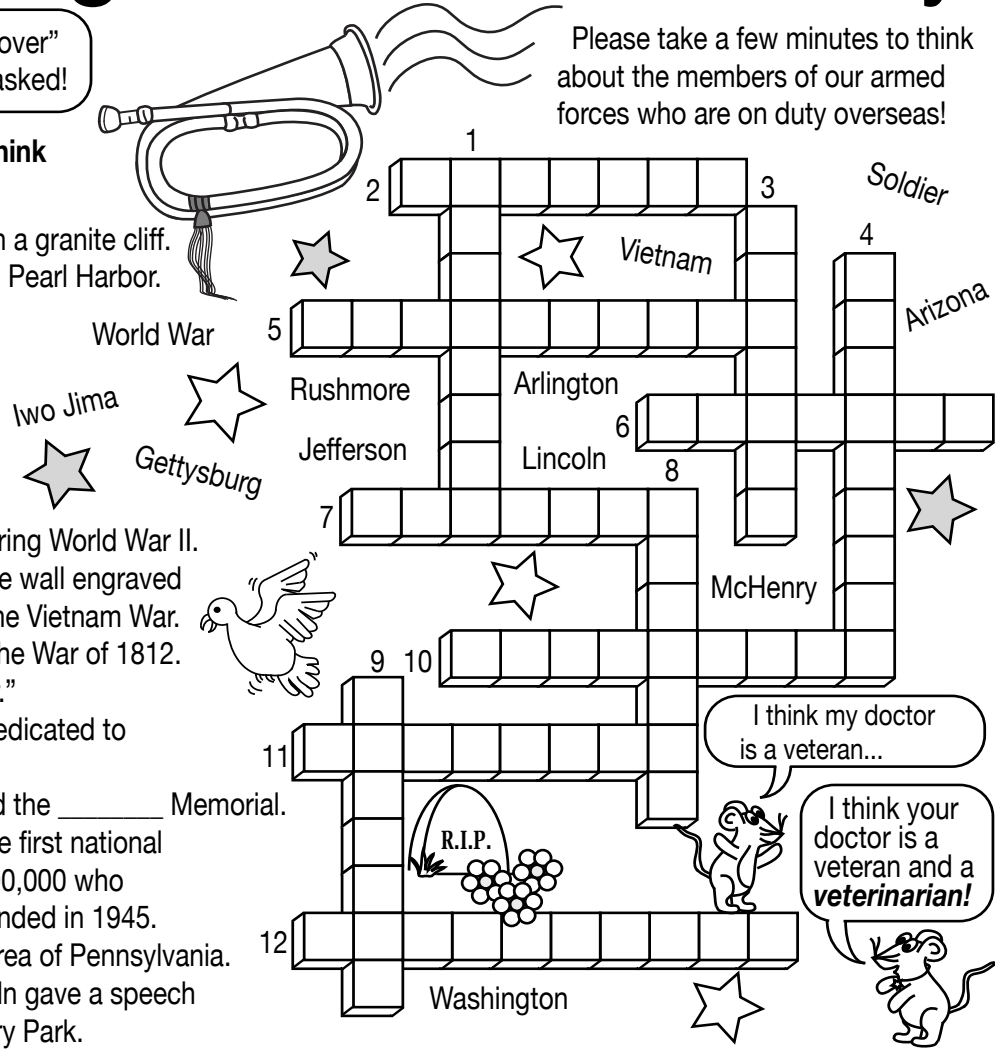

- Fill in the puzzle with the names of things and places that help us think and learn about our country's leaders and war heroes:
1. Mount _____ in South Dakota has heads of four presidents carved on a granite cliff.
 2. The USS _____ (Hawaii) is a floating memorial where the ship sunk in Pearl Harbor.
 3. A beautiful marble building in Washington, D.C. with a statue of our 16th president seated inside is called the _____ Memorial.
 4. Many U.S. heroes buried and honored in the most famous cemetery in the country. It is the _____ National Cemetery in Virginia.
 5. The four-sided pillar in Washington D.C. is 555 feet high. It honors our country's first president and is called the _____ Monument.
 6. The _____ Statue shows Marines raising the U.S. flag at Iwo Jima during World War II.
 7. The _____ Veterans Memorial in our nation's capital is a black-granite wall engraved with the names of service men and women who died or are missing in the Vietnam War.
 8. Fort _____ in Maryland defended our country against the British in the War of 1812. The battle moved Francis Scott Key to write "The Star Spangled Banner."
 9. The Tomb of the Unknown _____ in Arlington National Cemetery is dedicated to Americans killed in our wars, but whose bodies could not be identified.
 10. This circular building in D.C. with a statue of our third president is called the _____ Memorial.
 11. The _____ II Memorial in Washington was dedicated in 2004. It is the first national monument to honor the people who served in the armed forces, the 400,000 who died and the people who supported them from the U.S. until the War ended in 1945.
 12. This Civil War battlefield was the site of a terrible battle fought in this area of Pennsylvania. It was a major turning point in the direction the war would take. Lincoln gave a speech here that became famous. This site is called _____ National Military Park.

Words in the puzzle include: Vietnam, Arizona, World War, Iwo Jima, Gettysburg, Rushmore, Jefferson, Arlington, Lincoln, McHenry, Washington, R.I.P., and Soldier.

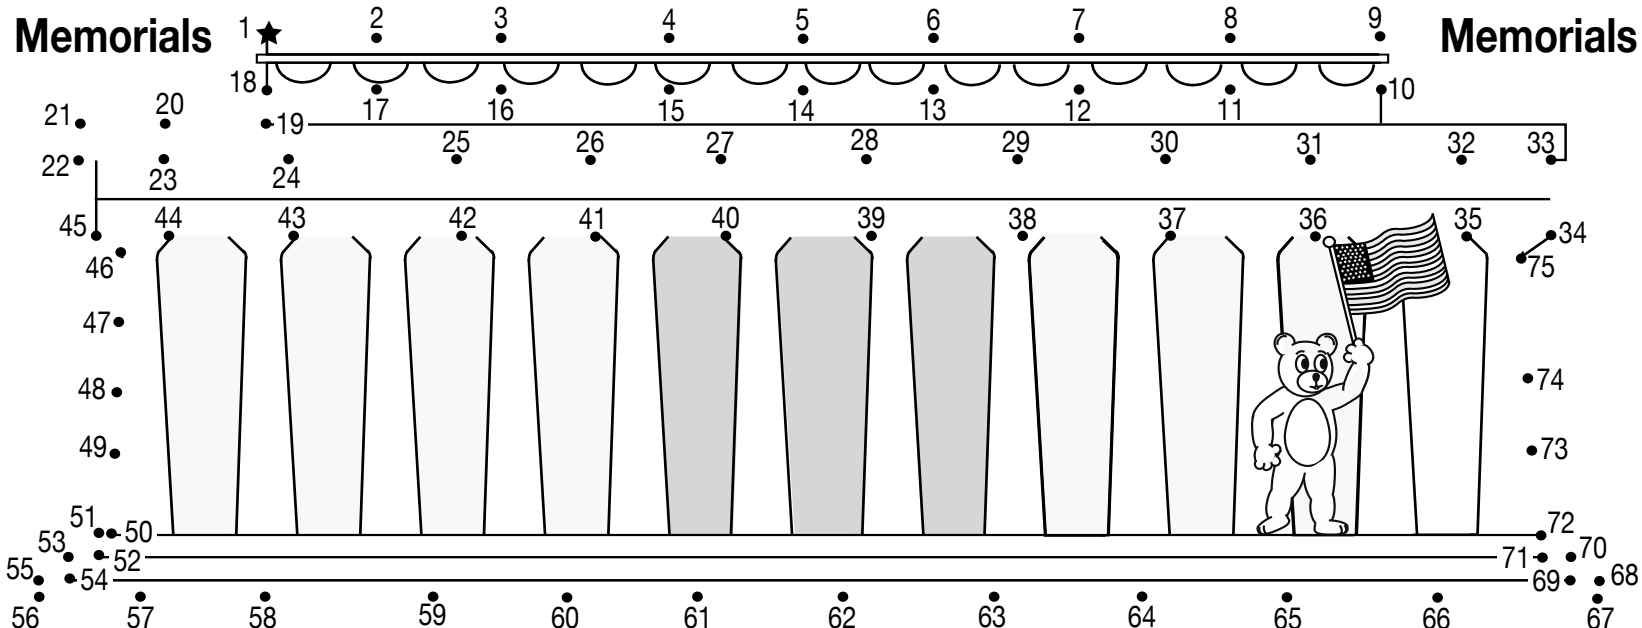

There are lots of hard words on this page. Get a piece of paper and a pencil and write down as many as you can remember. Don't worry about spelling them all perfectly at this time. You can check the spelling after you're done.

Across our country we build, name or do things to honor people we want to remember and tell our families about. These memorials can be anything from a prayer service to a bridge! They all help to keep memories alive. They let us cherish our freedom.

The memorial below is in Washington, D.C. It was built to honor a special president. Follow the numbered dots to see it. Look at clue # 3 above to see its name.

Barona education grant will provide laptops for Ramona Lutheran students

Middle school students at Ramona Lutheran School are set to benefit from a \$5,000 education grant awarded today by the Barona Band of Mission Indians. Assemblyman Brian Jones (R-Santee) joined Principal Donna Myers in accepting the grant that was presented to the school by Edwin "Thorpe" Romero, Chairman of the Barona Band of Mission Indians.

"Today's teaching and learning process is being transformed by technology," said Chairman Romero. "Barona is pleased to award this grant that will provide middle school students at Ramona Lutheran with access to computers. Our hope is to enrich their educational experience and help prepare them for high school."

Established in 1977, Ramona Lutheran School is an outreach of Ramona Lutheran Church, and is the only private Christian school in Ramona. According to school officials, the school lacks sufficient funding to purchase necessary educational resources for all of its students. The administrators will use Barona's grant to purchase 14 laptop computers for use by its students in grades six through eight.

"Barona is providing a great resource for our middle school students who need to be competitive in the 21st century," said Principal Myers. "At a time when we're moving away from textbooks and using more productive educational website programs, this award will help give all of

our middle school students access to up-to-date curriculum, which will enhance their education experience."

The Barona Band of Mission Indians has been sharing resources through its Barona Education Grant Program since 2006, awarding over \$1.3 million to more than 250 schools statewide. The

Barona Education Grant Program, created and administered by a Tribal Government, is the first of its kind in California. The goal of the program is to create strong educational opportunities for the children of California by building upon the success of the Barona Indian Charter School, which operates under a continuous improvement model.

Schools throughout California can apply for educational grants from Barona to purchase much-needed supplies and materials that promote academic improvement. Each grant awarded by the Barona Education Grant Program is \$5,000. Applications can be downloaded at <http://www.barona-nsn.gov/index.php?q=education>.

"The feedback from our first two years of the Westfield Family program indicates that our families appreciate the amenities and offerings, and find great value in consistent programming," says Alan Co-

hen, Westfield's Executive Vice President of Marketing. "We are enhancing Westfield Family this year by providing more events and activities, as well as a contest celebrating moms, showcasing our commitment to the families that make up such a strong segment of our shopper base."

MOTORANDSPORTS

2012 Honda Civic Ex

by Dave Stall

I dove into the Japanese auto market back in 1974. I was always a Honda motorcycle fan so I figured they can't really go wrong with a car. The first year of the Honda Civic in the U.S. was 1973, not one to buy the first year of anything I waited

until 1974 when I purchased a Civic with a trunk. This was powered by a 1200 cc four cylinder with a manual transmission. I commuted in this car six years averaging 30 plus miles per gallon.

Fast forward to today and Civic is alive and well, in fact consumers can choose from

seven models. In 1974 there were only two models to choose from, a hatchback or with a trunk.

Today's Honda Civic is the drivers car, basic in that it gets drivers from point A to point B with little effort or expense but very comfortable. Honda touts 39 miles per gallon — the

best I've been able to get with cruise control, running 65 miles per hour reading the average miles per hour gauge on the dash says I can't get more than 37.4.

This is really not a problem, anything over 30 miles per gallon is okay in my book, especially when one can get a

2012 Honda Civic EX. Photo credit: Dave Stall

Civic for a base price starting at less than \$16,000 dollars!

The test vehicle was the EX model with tons of base features, like A/C, four wheel disc brakes, Mc Pherson struts up front and rear multi-link in the rear, four door with plenty of room for rear passengers and back seat that will flip 60/40 and fold for added storage in the trunk and back seat. Other features come standard like tire pressure monitoring, 160 watt sound system with AM/FM/CD/MP3 with six speakers well positioned around the cabin of the Civic. The steering wheel has cruise control, audio and phone controls to help keep drivers' eyes on the road. To help keep an eye on fuel economy, push the Eco button and watch the money being saved. Going up hill? Drivers may want to turn off the Eco button for this part of the trip to help save the power.

Also included are: Bluetooth, USB connectivity, center console, power windows with auto up/down power for the driver window, tilt and telescope, 12-volt outlets, exterior temp gauge. Base price includes, a one touch tilt/electric sunroof, auto off headlights, variable wipers, remote keyless entry, and heated rear window defroster.

Safety is abundant, dual front airbags, driver and passenger side airbags, side curtain airbags, anti lock brakes, brake assist, side impact beams in the doors, front and rear crumple zones all designed to keep driver and passengers safe!

I enjoyed this Honda Civic, it has truly come a long way hauling families and college students since 1974. I would put this in my garage if I was looking for basic transportation with a little luxury all rolled into a car that cost less than \$22,000 plus tax license, I would buy!

Spotlight on Community Theatre

Mamma Mia. Credit: courtesy

Previews by Diana Saenger

San Diegans who enjoy taking in a theatrical production have a dilemma. Which of the great productions are they going to see? Here are some of the choices to choose from.

Broadway San Diego

The seats at the Civic Theater almost feel like those moving chairs in movie theatres when *Mamma Mia* comes to town. The story of one mother, one daughter but three possible fathers comes alive on the Civic stage with lots of grand music

and lively dancing. How can anyone not dance to ABBA's timeless songs? *Mamma Mia* runs May 31 – June 5. *Shrek The Musical* is part romance, part twisted fairy tale and all irreverent fun for everyone. Based on the Oscar-winning DreamWorks film, the hilarious story of everyone's favorite ogre comes to life on the stage. *Shrek* runs July 5 -10 at the Civic Theatre. For more information call (619) 570-1100. <http://www.broadwaysd.com>

Cygneth Theater Company

Winner of the Pulitzer Prize, Thornton Wilder's *Our Town* follows the courtship and marriage of George and Emily, and in following the two, reveals the hidden mystery behind the everyday. Wilder's portrait of life, love and death is set in Grover's Corners, New Hampshire – a fictional New England town. With a penetrating wisdom about living in community, this play is an enduring American treasure and one of the greatest plays of world theatre. *Our Town* runs June 18 – July 10. For more information call (619) 337-1525, www.cygneththeatre.com

La Jolla Playhouse

In *A Dram of Drummhicit*

an American entrepreneur has found the perfect Scottish island on which to build his new golf course. But as secrets — and bodies — are unearthed, the true nature of the island wreaks comic havoc. Artistic Director Christopher Ashley directs the world premiere of acclaimed playwright Arthur Kopit and Anton Dudley's supernatural comedy. Directed by Christopher Ashley this world premiere comedy runs at the La Jolla Playhouse May 17 – June 12. Next up join the world's most famous wanderer, Peer Gynt, as he dreams, swindles and charms his way through life in an exhilarating quest for fame and fortune. Five actors perform this theatrical adaptation of Ibsen's sweeping epic on a stage full of inventive surprises. Satisfy your wanderlust in this wild, funny, picaresque journey. *Peer Gynt* runs June 28 – July 24. For more information call (858) 550-1010, www.lajollaplayhouse.org

North Coast Repertory

Beauty, truth, ambition and tradition unfold in *My Name is Asher Lev*. Based on the acclaimed novel by Chaim Potok and directed by David Ellenstein, the play tells the story of a young Hasidic artist

torn between his observant Jewish community and his need to create. Difficult choices between art and faith, passion and family, course through this stirring adaptation of a modern classic, bringing to life the heartbreak and triumph of what it means to be an artist. *My Name is Asher Lev* runs June 4 – 26. For more information call (858) 481-1055, <http://www.northcoastrep.org>

Old Globe Theatre

One of the most acclaimed plays of the last decade and winner of the 2008 Tony Award for Best Play and the Pulitzer Prize for Drama, the modern classic *August: Osage County* brought Broadway audiences to their feet cheering at every performance. When their father goes missing, the huge, sprawling and completely dysfunctional Weston family reunites and sparks fly. Violet, the take-no-prisoners matriarch, struggles for control over a family set to implode over secrets, lies and betrayals. A large and complex modern-day masterpiece that the New York Times hailed as "flat-out, no asterisks and without qualifications, the most exciting new American play Broadway has seen in years." Contains strong language.

The Shakespeare Summer Festival in the Lowell Davies Festival Theatre runs May 29 - Saturday, September 24 with rotations of *Much Ado About Nothing*, *The Tempest*, *Amadeus*. (619) 23-GLOBE, www.TheOldGlobe.org

San Diego Repertory Theatre

Tommy, one of the most exhilarating musicals ever written, takes to the Lyceum Stage this summer with a reimagined production of the Tony Award-winning musical based on one of the greatest rock albums in history. See *Tommy* as you've never seen it before July 16 – August 14. For more information call (619) 544-1000 or visit www.sdrep.org

New catalog of films on DVD

Anyone who loves movies has to get this new catalog. Several diligent editors have completed this tome that not only includes listing of classic films – everything Turner Classic Movies excels at – but also recent DVD releases.

TCM Turner Classic Movies 2011 DVD Catalog

While it looks a little intimidating at first to the massive inclusions, a few minutes thumbing through and the layout is quickly apparent. The entire book is detailed front to back alphabetically by genre.

Many of the DVDs are listed

by actor/filmmaker. Check out John Cusack on page 62 in the Comedy section – which lists many comedies available on DVD and there's his section with comedy films that Cusack appears in.

In each section is also a Film Favorites from different studios. Paramount's page includes *Forrest Gump*. Want something good for the kids? Educational Videos on page 407 include *The Magic School Bus* and many more. Japanese Animation fans have there

own page on 511. Interested in the Civil War? Films about the time period – including *Greatest Battles of the Civil War* – are listed on page 209.

Each DVD listing includes details about the films, the stars, ratings, format, and suggested prices. Ordering details on many of the DVDs is also included. For added fun there's a brain teaser about films, film quotes and many other extras in the book.

The only fault I could find with this book is the size of the print. It's understandable when a book is 784 pages long it's necessary to have smaller print. Most seniors will need a magnifying glass to see details and read the extensive index.

Still, this is a book movie fans will find invaluable for years, and the price is a real bargain. And as TCM host and movie historian extraordinaire Robert Osborne says in his forward the, "Catalog is something you'll find not only useful, but absolutely essential whenever you're on the search for a movie you want to own."

PUBLIC NOTICE

City of El Cajon
Notice of Intent to Adopt a Mitigated
Negative Declaration

Notice is hereby given that the Community Development Department of the City of El Cajon has prepared a Mitigated Negative Declaration concerning:

**Bicycle Master Plan, General Plan Amend-
ment No. 2010-03:** The City of El Cajon is proposing an update to the City's Bicycle Master Plan (Plan) and a General Plan Amendment to update the Circulation Element. The Plan is an update to the 1981 Bicycle Master Plan and is the official policy document addressing the development of facilities and programs to enhance the role of bicycling as a viable mode of transportation in the City of El Cajon. It provides goals, policies and implementation guidance. The proposed facilities include 52 miles of Class 2 and Class 3 routes that would be located within existing right of ways and one new Class 1 project between Marshall Avenue and El Cajon Boulevard along an extension of Lexington Avenue that is proposed by the Downtown Specific Plan. The Plan is conceptual in nature, as precise alignment and details will be determined through the implementation process; therefore, further environmental review will occur when site specific proposals are developed.

Pursuant to Section 15072 of the California Environmental Quality Act, the subject sites are not on any list enumerated under Section 65962.5 of the California Government Code as a hazardous contaminated site.

Pursuant to the authority and criteria contained in the California Environmental Quality Act, the Lead Agency (City of El Cajon) has analyzed the project and determined that the project will not have a significant effect on the environment, provided that a mitigation measure is implemented in conjunction with the proposed project. Based upon this finding the Lead Agency has prepared a Mitigated Negative Declaration.

Beginning on May 19, 2011, a period of thirty days will be provided to enable public review of the project plans and the Mitigated Negative Declaration prior to its adoption by the Lead Agency. All interested persons are invited to review the document and to submit opinions or evidence for or against it. Copies of the document will be available for public review on the City's website (www.cityofecajon.us) and during regular business hours at the Community Development Department, 200 Civic Center Way, El Cajon, CA, 92020. The review period will end at 5:00 p.m. on June 20, 2011.

On or after June 27, 2011, the Planning Commission will make a recommendation to the City Council and the Council will make a decision on or after July 26, 2011 regarding this application at a public hearing, for which a separate notice will be published. For further information, please contact Noah Alvey, in the Planning Division at (619) 441-1741 or e-mail at nalvey@cityofelcajon.us

Help your dog have healthier joints

Researchers have discovered that nutrients in a shellfish found in the waters off New Zealand have a beneficial effect on canine joint health.

Maintaining healthy joints and cartilage throughout life is key to encouraging a healthy and mobile dog. Just like humans, mobility is critical for a healthy lifestyle, giving your dog opportunities to live life to the fullest.

Vets get help from afar

With half of the dog population being at risk for mobility issues, it's fortunate, says Brad Quest, DVM, that researchers "discovered that Green-Lipped Mussel, found only in New Zealand waters, provides a novel combination

of joint-nourishing properties" for dogs.

Many veterinarians suggest that dogs get dental chews or treats for oral care at home. The one they recommend the most is GREENIES. The brand has introduced a new treat made with Green-Lipped Mussels to provide a natural source of omega-3 fatty acids, along with amino acids, glucosamine, chondroitin, vitamins and minerals. In a clinical study, the nutrients in Green-Lipped Mussels were found to have a beneficial effect on canine joint health. They can help protect the mobility of adult dogs of all ages and sizes by actively nourishing healthy joints.

A winner

In fact, these GREENIES JointCare Canine Treats were so well designed that they

fetched the Product of the Year title in the Pet Health Category, in a recent survey of 60,493 people by TNS. The Product of the Year organization says today's most effective products connect with shoppers on an emotional level. The award is an honorable vote of confidence from pet parents.

Available at many veterinary clinics and in most independent pet stores and pet superstores, the treats come in two sizes: one for small to medium dogs and one for large dogs. They're for daily use and should be given to pets as part of a complete joint health program that includes diet, exercise and regular visits to your veterinarian.

Sweetie Pie: A Little Girl with a Big Heart! ID: 60549

Sweetie Pie is an adorable 1-year-old Chihuahua with lots of love to share. This special girl came to the San Diego Humane Society as a stray and has shown her big heart from the very beginning. She can't wait to find a family to cherish. When Sweetie Pie first arrived at the Humane Society she was initially timid around people. She spent some time in a foster home receiving lots of love and tender care, and soon began showing her appreciation and desire for human companionship. Today Sweetie Pie's foster mom says that she loves to cuddle at home with her people friends. She's an absolute snuggle-bug who follows her companions around the house and enjoys being by their side. While Sweetie Pie can still be initially shy with people, she warms up as she gets to know them better and eventually loves their attention. Sweetie Pie is great with other dogs and may benefit from living with another dog in the home. Her vibrant personality shines when socializing with her canine pals and especially during games of fetch. A description of Sweetie Pie would not be complete without mentioning her sense of humor! She is a silly and goofy dog at times who seems to enjoy making her people friends smile. She dances, chases after balls and toys and leans in for affection often...an ever-surprising source of joy and entertainment. Due to her initial shyness with new faces and places, she will do best in an adults-only home. Sweetie Pie will do well with other dogs (especially those her size) and cats in the home. Her adoption fee is \$105 and includes her spay, current vaccinations, permanent microchip identification, certificate for a free veterinary exam, and more! If you would like to meet Sweetie Pie or learn more about this amazing girl, please contact our North Campus Customer Service at (760) 757-4357.

Daisy is an all-around sweetie! A friendly Miniature Poodle blend, this four-year-old, 22-pound cutie loves to play and curl up with you for some down time. She is social with other dogs and has a kennel-mate, so she will probably do well in a home with other dogs. Daisy appears house trained, and already knows the command for "sit." Can you find room in your heart and home for sweet Daisy? To meet Daisy, visit the County Animal Shelter at 5480 Gaines Street, or for more information call 858-205-9974. Her \$69 adoption fee includes license, vaccinations, microchip, and spay.

Gin Gin is a red and tabby white 7-year-old Domestic Long male. His adoption fee: \$55 and his identification Number is 45395. Gin Gin is a handsome, loving cat who greatly appreciates human companionship. He can be a bit shy at first, but once he warms up, he is an absolute love. Gin Gin enjoys playing, quiet time, naps and cuddling with his people friends. Due to his initial shyness with new faces and places, he would do best in a home with children 12 years and older. Calm, mellow, easy-going and extremely lovable, this little guy can't wait for a family to cherish. Gin Gin is available for adoption at the North Campus of the San Diego Humane Society: 2905 San Luis Rey Rd., Oceanside, CA 92058 (760) 757-4357 www.sdhumane.org Adoption Hours: Open daily 10 a.m. - 5 p.m.
