A bit about the history: On Oct 15, 1914, seven women held the first meeting of their new club in the upstairs room of the Alpine Town Hall. They called themselves “The Ladies Aid Society”. A few years later, the name has changed to the “Alpine Woman’s Club”. The initial membership was small in number but very ambitious. Their purpose was to civilize this rural community and bring music and culture to the area. Mary Marshall was their first President. Marshall Way, located off of Alpine Blvd, was named to honor the Marshall family. For further information about the Club and our Centennial Celebration, go to [www.alpinewomansclub.org](http://www.alpinewomansclub.org). or contact Carlette at (619) 445-2055 [alpinewomansclub@aol.com](mailto:alpinewomansclub@aol.com)

## Come out Alpine and enjoy the Alpine Viejas Days Parade and Craft Fair this weekend

by Roger Garay

This year’s Alpine Viejas Days Parade theme is *Honoring our Veterans*. The parade will begin in a very unique, and wonderful way — the two Veterans organizations in town, the Veterans of Foreign Wars (VFW) and the American Legion, are coming together to provide a joint Honor Guard to lead the parade.

The Alpine Stagecoach Lions Club is a 501c3 Public Charity with a specified mission to provide assistance for the Sight and Hearing Impaired – everything we do is in support of that Mission. Even the parade (an Alpine tradition for over 50 years) is a fundraising event to enable the Lions to help the sight and hearing impaired.

On June 14, the Alpine Stagecoach Lions Club held a Health Fair for Vision and Diabetes Screenings at the CVS Parking Lot (with their generous permission), where the Lions provided screenings for 32 people; many were able to walk away with reading glasses issued to them at no charge. The club was assisted in this by Dr. Ron Short, an Optometrist from SoCal Kaiser Permanente, utilizing a mobile optometry office provided by the Imperial Lions Club and assisted by other Lions Clubs from San Diego. There were product vendors participating, a Clown to paint the faces of and entertain the children (courtesy of Freespirit the Clown), a Massage Chair and operator from Native Dreams Day Spa, and information booths to help folks learn about the Affordable Care Act (John Yeatman Insurance, Mountain Health, Lions Sight & Hearing Foundation, and Fresh Start Surgical Gifts).

In February the Stagecoach Lions Club will be holding its Annual Dog Show, the proceeds of which will be used to assist the eyesight impaired to obtain a “seeing-eye” or other assistance dog.

Throughout the year, the Lions collect eyeglasses to be refurbished and recycled for use by others.

The Stagecoach Lions are also sponsors of and participants in the Mother Goose Parade Association.

At the September 13 Veterans Wall of Honor ceremony, a challenge went out to all the Veterans present, and their respective organizations, to enter as many veterans as possible to participate in the parade. Alpine has an ever dwindling number of Veterans from WWII and all conflicts since then.

The Viejas Days Parade is staging on both sides of W. Victoria, from the 5-point intersection to the bridge over the freeway. W. Victoria will be closed at 12 p.m., there will be no parking allowed (we have contacted the HOA and apartment managers to let their residents know). Alpine Blvd. from the 5-points to Tavern Road will be similarly closed.

Businesses and Organizations along the staging area have generously donated the use of their parking lots to help with the staging: The Women’s Club, The Alpine Community Church, and Holt Travel and Tours.

The Parade Step-Off is at 2 p.m. from Alpine Blvd. and 5-points, and ends at the Alpine Community Center park grounds, where the Craft Fair will have been under way (10 a.m. to 4 p.m.). The Fair is open to the public at NO CHARGE, and will feature music, performances by the Alpine Dance Academy, Arts and Crafts vendors, and organizations distributing literature. Announcing stations will be at the 5-points and in front of Keller Williams Realty.

Come pay tribute to the Veterans and join the fun!

If anyone is interested in becoming a Lions Club member, call (619) 631-5237.

Keep up with the club on facebook!

## National Prescription Drug Take-Back Day is Saturday

This coming Saturday, Sept. 27, from 10 a.m. to 2 p.m. the El Cajon Police Department, working in conjunction with the Drug Enforcement Administration, will be hosting a prescription drug drop off site in the parking lot of their police station, located at 100 Civic Center Way. The National Prescription Drug Take-Back Day aims to provide a safe, convenient, and responsible means of disposing of prescription drugs, while also educating the general public about the potential for abuse of medications. This effort is designed to prevent pill abuse and theft by getting rid of potentially dangerous, expired, unused or unwanted prescription drugs in a safe manner. Studies show that most teens who have abused prescription

drugs get those drugs from their own homes or from the homes of friends. Bring your outdated, unused or unwanted prescription pills, ointments, or liquids; no questions asked! Go to [www.deadiversion.usdoj.gov](http://www.deadiversion.usdoj.gov) and click "Got Drugs?" for more drop off locations.

## End chronic pain the natural way

**R**oughly 100 million Americans suffer from chronic pain lasting more than six months, according to a report from the Institute of Medicine. Throughout the past decade, the use of painkillers such as Vicodin, Percocet and OxyContin has soared by 300 percent. For many – 17,000 people per year, or 46 each day – the treatment is worse than the pain; those are the number of users who die from the medicine, according to the Centers for Disease Control.

For every person who dies from the use of painkillers, 30 more are admitted to emergency rooms due to complications.

"Those figures are appalling," says Dr. Frank King, a doctor of naturopathy, president of King Bio natural medicine company, and author of *The Healing Revolution* ([www.kingbio.com](http://www.kingbio.com)).

"Death is just one of the many side effects of heavy-duty pharmaceuticals, and researchers unanimously agree that addiction to painkillers has risen drastically in recent years. People are so focused

on pain that they miss the fact that it is a signal of deeper health problems. Don't shoot the messenger! Listen to the pain, and it will lead you to the root causes."

With decades of experience helping patients, Dr. King offers four natural suggestions for pain management.

- **Identify the root causes of pain.** Pain is a signal of deeper problems, similar to the warning light on the dashboard of your car. You can mask the light with duct tape, which is what prescription drugs do with pain. You can cut the wires, which might symbolize a surgical approach. Or you can look for the root causes, which is what our more natural, holistic approach seeks to do. Address the problem, and the pain will subside.

- **Make good choices.** Most chronic conditions are caused by bad lifestyle choices. Try walking more, eating and sleeping better, eliminating stress and bad habits from your life, and watch pain decrease and health increase. It's that simple. Moreover, surround yourself with a healing community of like-minded "healing

buddies" who support your healthy choices.

- **Explore natural healing techniques,** and if necessary, see a natural healing practitioner. You are your best doctor, on call 24/7. I developed many self-healing techniques that address the needs of every aspect of mind-body health. These techniques are free and easy to implement at home, on the job, and wherever you might be. You might also explore meditation, yoga and other approaches for filling the holes in your wholeness.

- **Look into homeopathy.** Homeopathy predates modern medicine. Homeopathic medicines are safe and effective, with no known side effects or negative drug interactions. They target the root causes, not the superficial pain. I have personally seen homeopathy dramatically raise the quality of life and happiness for countless of my patients.

With the appalling death toll due to pharmaceutical pain medication, natural solutions like homeopathy are our safest, brightest hope for the future of pain management.

About Dr. Frank King  
Dr. Frank King is a chiropractor, doctor of naturopathy, and founder and president of King Bio, an FDA-registered pharmaceutical manufacturing company dedicated to education, research, development, manufacture and distribution of safe and natural homeopathic medicines for people and pets. Dr. King is also the author of, *The Healing Revolution: Eight Essentials to Awaken Abundant Life, Naturally!* ([www.kingbio.com](http://www.kingbio.com)). A fourth-generation farmer, Dr. King raises yak, camel, boar, wisent and American bison sold under the Carolina Bison brand. He is a member of the Homeopathic Pharmacopoeia Convention of the United States.

## Dear Dr. Luauna — Urgent plea answered

**Dear Friends,**

**L**ooking for a building in San Diego for over 15 years to reach the inner city; yet one rejection after another. Thinking we found a building a few years ago, then the landlord decided he didn't want a church in his building. I received a phone call late one Saturday night; he was going to turn the building

into a bar. Without notice the doors were locked. Too late to call anyone and tell the new believers we didn't have a building for Sunday. The team asked, "What are we going to do?" I didn't know what to do, but I knew people were going to show up and find the door locked.

I said, "Load the equipment, the chairs, and let's go and the Lord will show us what to do." The building we were using was right across from Petco Park, I asked the park if we could use their area, the answer, NO. Outside I noticed the large public sidewalk. I told the team, "We are setting up outside Petco Park on the sidewalk; it's wide enough to set up chairs in three rows without blocking the walkway." We had services outside for over one year, then the winter came, and back up to the Prayer Mountain.

Summer time we'd go to the beach for an outside church service, parking was a major task but we said, "Yes Lord." Year after year no building, I started to think, "Lord do you not want me in the city?" Yet, every week we preached out, our team grew stronger. Many people were coming to Jesus, 500 in one year, yet no building to train, and many with no cars to drive to the Prayer Mountain.

A cute young couple who got saved last year, one day asked me, "Pastor, Saturday in Chicano Park in Logan Heights there is a big rally, thousands of people will be there from the neighborhood. They need Jesus, come with us, we want to learn how to witness." We arrived, the park was packed, thousands of people in need of Jesus. My heart overwhelmed with compassion. I knew this was the area the Holy Spirit wanted us to be in. Praying, "Lord you have a perfect building here." As I shared, I was looking in Logan Heights; many looked at me, and said, "That area? It's filled with gangs, drug dealers, crystal meth addicts, prostitutes, domestic violence, homeless; it's the toughest area of San Diego, CA." I smiled, and thought, "What better place to have a move of God."

Returning from the East Coast, my heart burned again for Logan Heights. I went in search for a building. A church I preached in back east was in desperate need of a building. I felt their heart and had compassion. The Holy Spirit spoke to me, "They are going to give you a generous offering, give it back, except only enough to cover your gas, give it back as a seed in faith for your building in San Diego."

The pastors came to give me an offering; thanking them, I asked, "Please rewrite the check for only this amount, please keep the rest for a seed in your new building." They were shocked; I could see it on their face.

A week later I found a perfect building! No, it's not fancy! But perfect for a move of God, in the heart of Logan Heights, the bus stop right on the corner and the trolley stop 200 ft. away. thousands of people get on and off that stop a day!

If you would consider a one-time gift to help our inner city outreach, A Touch From Above is a 501-c3 is a Foundation. We will work to have classes 6 days a week, day and night classes for single mothers, drug recovery and so much more. I'm saved to save! This is my life I was born for this and who better to reach the toughest area of San Diego than me?

Please call if you would like to give with your card: 760-315-1967. I'm praying and trusting the Holy Spirit to speak to your heart. Thank you so much in advance. A great harvest awaits Jesus!

### The tomato garden

**A**n old gentleman lived alone in New Jersey. He wanted to plant his annual tomato garden, but it was very difficult work, as the ground was hard. His only son, Vincent, who used to help him, was in prison. The old man wrote a letter to his son and described his predicament:

Dear Vincent, I am feeling pretty sad because it looks like I won't be able to plant my tomato garden this year. I'm just getting too old to be digging up a garden plot. I know if you were here my troubles would be over. I know you would be happy to dig the plot for me, like the old days. Love, Papa

A few days later he received a letter from his son.

Dear Papa, Don't dig up that garden. That's where the bodies are buried. Love, Vinnie

At 4 a.m. the next morning, FBI agents and local police arrived and dug up the entire area without finding any bodies. They apologized to the old man and left.

That same day the old man received another letter from his son.

Dear Papa, Go ahead and plant the tomatoes now. That's the best I could do under the circumstances. Love you, Vinnie

## Give a pet a forever-home — Stop by the El Cajon Animal Shelter

### Pet of the Week

If you're searching for a very friendly and athletic dog, then you've got to meet CHAMP, and for good reason.

"Hello, I'm a one-year-old energetic Vizsla mix, and my stamina is that of a champion. I truly excel at playing fetch, and I'd probably make an excellent hiking or jogging partner. I'm highly trainable and willing to please, and I already know the commands "sit" and "lie down." I've already been house trained, too. I'd probably be a great family pet in a home with older, energetic kids, and I generally get along well with other dogs who are on the larger side. It probably goes without saying that I'll need a yard in my new home, as I'm a very playful fellow who'll need room to move. I'll want to be part of the family, so I'd like to have my own comfy dog bed in the house. I really hope you'll come visit me soon so you can see what a good boy I am. I'm here at the El Cajon Animal Shelter, so please ask one of the helpful staff if we can go out to the play yard together to get better acquainted. Be sure to throw a toy around for me so you can see my skills. Love, Champ" Kennel #3

## Does your Fall outing with Rover include a hike?

### Top five tips for hiking with your dog

Fall is right around the corner, so why not turn that daily walk into an interesting and fun hike? It's no secret that exercise is a necessity for both you and your dog. We often forget that our dogs are pack animals and their origins are rooted in hunting, playing, and roaming all day long with their pack family. If you are already in the habit of walking your four-legged friend, you know that it's a special time for the two of you to bond as well as establish yourself as the leader of your domestic pack. Why not shake up your routine a bit and kick your workout into high gear by taking your best friend for a hike?

Follow these 5 tips and your hikes will surely be a wonderful experience that you'll both enjoy together.

#### 1. Know your limits

Does your current exercise endeavor consist of walking around the block a couple times? Then you may want to rethink that 10 mile hike you're mapping out. Not only do you need to be able to hike without difficulty, so does your furry companion. Start intensifying your walks by making them longer and include hills if possible so the two of you can build up your stamina. It's also advisable to take your dog to the vet just to ensure that he will be able to accompany you comfortably when you're ready to hike. Dogs are people pleasers and they never want to let on that they are injured or in pain, so they will endure it for as long as they can.

#### 2. Be prepared

Once you've determined to go on that hike, whether it's a long or a short trip, make sure you have the following items:

- Proper ID tags - The tags MUST be legible and specify your dog's name and your current contact information.

It's also a good idea to have a current photo with you just in case you get separated.

- Collar and leash - Bring these just as you would when you're going for your regular walks.

- First Aid Kit - Human first aid kits can come in handy in the event of a cut or scrape (for either of you). Throw some tweezers in it for easy tick removal.

- Vet's Phone Number - In the event that something unexpected happens, keep your vet's phone number with you so you can quickly find out how to best take care of your dog. You can never be too careful.

- Sunscreen - You both need sunscreen and they make sunscreen specifically for dogs. Light-colored noses are very susceptible to sunburns and dogs can get skin cancer just like you.

- Orange vests - Know whether or not you are taking your hike during a hunting season. Orange vests for you and your dog will make sure you both stand out.

- Appropriate Dress - When hiking during cooler weather, bring along an extra layer of clothes if your dog tolerates them. For summer hikes, keep a cool, moist scarf or bandana that he can wear to take a bite out of the heat.

#### 3. Bring water & food

Just like you need to fuel up and hydrate for a workout, the same holds true for your canine companion. Bring plenty of water and a dish that he can drink from (they make collapsible bowls for traveling ease) and offer it often along the way. A good rule of thumb is to bring 8 ounces of water for every hour you plan to hike (and don't forget to bring water for yourself!). It's best to keep him from drinking the water in streams or other natural sources, as these could contain nasty bacteria that will make him sick. Bottles of water that are frozen are also great to pack in case the weather is hot and can offer immediate relief to your pooch.

Food should be given on rest breaks or during bouts of less intense activity to ensure that you don't upset his tummy or cause bloating.

#### 4. Be aware of your surroundings

Plan your hikes on trails that are used often and provide a clear path; now is not the time to forge a new one through the wilderness. In most cases, you'll likely encounter the usual suspects of the wildlife world, such as squirrels and maybe a deer or two. Keep your eyes open for common canine offenders, including porcupines and skunks. These animals are not as easily scared off by your dog and may become agitated.

Familiarize yourself with what poison ivy and other unpleasant plants look like. Although your dog can't get poison ivy, they can pass it on to you, so it's best to keep them away from anything suspicious.

#### 5. Mind your manners

The same rules you follow on your routine walks apply to your hikes. Have a carry in, carry out mentality, which includes cleaning up after your dog on the trail. Using a leash will ensure that other hikers, other dogs, as well as the flora and fauna around you will remain undisturbed. If you're both on a more leisurely hike, let others moving at a faster pace pass you easily.

Hiking with your dog is a wonderful way to spend quality time together and enjoy the outdoors all while getting a great workout. You're guaranteed to have a fun and safe hike just by taking a bit of extra time to plan and prepare. Happy hiking!

## A touch road win for the Chargers

**by Chuck Karaszia**  
Improving their record to (2-1), the San Diego Chargers traveled to Ralph Wilson Stadium in Orchard Park, NY defeating the Buffalo Bills 22-10. With this victory, San Diego shares the lead atop the AFC West with the Denver Broncos.

This one was costly as the Chargers lost another running back to injury.

Danny Woodhead, the fire-plug who catches passes so effectively out of the backfield, will catch no more passes this year after sustaining a season ending ankle injury in the first quarter Sunday. He was carted off the field and returned hobbling on crutches. This after the Bolts lost RB Ryan Mathews to injury for at least six weeks. Also, it was learned Mantai Te'o broke his fibula and will be out for a period of four weeks.

"We'll have a game plan like we do every week." It's a very unfortunate situation. But we're going to find a way. It will be the 'next man up,' said Chargers Head Mike McCoy.

The Chargers, like they did a week earlier against the defending champion Seahawks, won in all phases of the game, offense, defense, and on special teams.

Making a statement in their first couple of series was the Bolts defense, getting a coverage sack and forcing the Bills to punt twice. The Chargers defensive front seven stood tall and held their ground determined to stop the vaunted Buffalo ground attack, which they did effectively holding the tandem of Fred Jackson and C.J. Spillar to 59-yards collectively on 16-carries. Keeping the Bills to just under four-yards per carry. Led by FS Eric Weddle and ILB Mantai Te'o with ten tackles each, the D-line welcomed the return of Jarret Johnson and his run stuffing ability. The OLB contributed with eight tackles.

"A big emphasis for the team was to understand the efficiency of the way they run the ball. I believe they ran it 66 times in two games this season. We challenged the defense. We got to stop the run," said McCoy.

By stopping the run, this forced the Bills quarterback

E.J. Manuel to throw the ball. Pressured from the outside and up the middle, Manuel was sacked three times by Corey Liuget, Dwight Freeney, and Kendall Reyes.

This game belonged to Chargers quarterback Philip Rivers. The veteran quarterback is playing the best ball of his career. He is wiser, can survey the whole field, and appears to be quicker with his feet moving around the pocket and taking off downfield when opportunity presents itself as demonstrated in the third quarter on a crucial third down play, making the first down on a nine-yard scamper. But it is quarterback Philip Rivers arm that will get him into the Hall of Fame.

Completing 18-of-25 passes for 256-yards, two touchdowns, no interceptions, Rivers continued to get the ball downfield throwing to six different receivers. Malcolm Floyd stretched the field on

two of Rivers passes both for 45-yards.

Floyd moved up to the ninth spot on the Chargers All-Time receiving list.

Eddie Royal caught two touchdown passes from Rivers leading off the scoring in the first quarter (3-yards) and from (5-yards) in the third quarter. TE LaDarius Green is back to form after catching four balls for 64-yards.

All this could not have been accomplished had it not been for RB Donald Brown. The six-year veteran had a career day carrying the load running the ball 31 times Sunday. This was most touches by a Bolts running back since Tomlinson did it eight years ago. Gaining 62-yards on those carries, it was blue-collared Browns' effort that allowed Rivers and the offense to keep the Bills defense guessing and helped the Chargers control the clock in time of possession for nearly 35 minutes in the game.

In 63 plays the Chargers ran on offense, Brown touched the ball 36 times also catching five passes for 27-yards.

"He did an outstanding job of making the most of his opportunities. I am so very proud of the way he played the game," quipped McCoy.

Special teams play of the Chargers continue to shine for San Diego.

Although having more touchbacks in the game Sunday (2) than he had all last year, Mike Scifres let his presence known booming six punts for a 49.0 average. His last two pinned the Bills back near their goal line in the fourth quarter, leading up to a safety when Liuget pressured Manuel into an intentional grounding pass to escape a sack late in the contest.

There was talk of a possible letdown by the Chargers Sunday after their huge emotional victory over defending Super Bowl champions Seahawks.

"That was something we stressed all week long, the whole year really," said McCoy.

"Just one week at a time. You got to be consistent as a team and do whatever you can to win. It's not always going to

be perfect, but you have to just keep plugging away. The most important thing is winning games. It's always fun when you win," McCoy said.

Next up, two teams with sub .500 records, the Jacksonville Jaguars and the New York Jets invade Qualcomm Stadium. Good seats are still available for both games.

Kickoff time Sunday is 1:05p.m.

Proceeds from the gala benefit Ronald McDonald House Charities of San Diego, which provides a "home away from home" to families with children being treated for serious and often life-threatening conditions at local hospitals.

Thanks to an active volunteer program and generous community support, each year approximately:

- 1,500 families stay with Ronald McDonald House as resident guests.
- 10,000 additional individuals visit the Family Care Center during the day, coming

- 200 siblings of hospitalized children attend the onsite school, which operates in partnership with San Diego Unified School District.

# Superb drama and acting in 'The Drop'

Review by Diana Saenger

**T**he *Drop* doesn't appear to be unique in its plot; but fans of Tom Hardy and James Gandolfini couldn't wait to see this movie. This is Gandolfini's last performance. The crime drama is directed by Michaël R. Roskam from a screenplay by Dennis Lehane (*Mystic River*, *Gone Baby Gone*) adapted from his own short story "Animal Rescue."

Cousin Marv (Gandolfini) owns a bar in Brooklyn. His nephew, Bob Saginowski (Tom Hardy), is a bartender there but seems as unlikely as a squash in a pickle jar in this job. It's the

same in his personal life. He's a shadow moving through a world full of fog.

Marv's bar is one of the designated drop offs by the local mobsters, who rotate bars nightly. When it's their time, Bob is as emotionless as he is in his own life. Handover the money, wipe down the bar and go home.

One evening as he's walking home he hears a puppy whining. He stops, opens a trash can and sees a bleeding pit bull that has Bob at first look. He knocks on the door of the house adjacent to the trash can; the home of Nadia (Noomi Rapace). They have a

slight connection through their concern over the wounded puppy which they immediately begin cleaning up.

Bonding quickly over Rocco, Bob's name of choice; soon turns dangerous when Eric Deeds (Matthias Schoenaerts), Nadia's ex, turns up wanting "his" dog back or else. It's obvious that Deeds was the one who hurt the puppy and also has treated Nadia badly.

Lehane's script is interesting in the subtle way its characters live their lives. Marv makes a daily visit to mass to have confession. Yet when his bar is robbed twice and he has to answer to both the police

and the bar's actual owner -- a Chechen crime family -- Marv can turn on the intense, watchful and silent guy persona.

As Bob and Nadia grow closer, Bob has to question many things. Is Marv telling him the truth about things? Will he and Nadia get together? Can he stop Eric in his tracks before he brutally harms anyone or thing again?

The intrigue of several mysteries run throughout *The Drop* and the acting is superb. It's worth seeing Hardy in this role which might bring some nominations at Oscar time; and to once again see how fine an actor we lost in James Gandolfini.

## 'Kinky Boots' kicking its way to San Diego

Preview by Diana Saenger

**K**inky Boots, the smash-hit musical that brings together four-time Tony Award-winner Harvey Fierstein (Book) and Grammy-Award-winning rock icon Cyndi Lauper (Tony Award-winner for Best Score for *Kinky Boots*), opens at the San Diego Civic Theatre to kick off Broadway San Diego's 2014-2015 Season of Tony Awards-winners.

Directed and choreographed by Tony Award-winner Jerry Mitchell, *Kinky Boots* opened on Broadway April 4, 2013 and continues to play to standing-room-only crowds nightly. The show, which has broken all box office records at the Hirschfeld Theatre, recouped its costs in October 2013, after just 30 weeks on Broadway.

*Kinky Boots* took home six 2013 Tony Awards, the most of any show in the season, including Best Musical, Best Score (Cyndi Lauper), Best Choreography (Jerry Mitchell), Best Orchestrations (Stephen Oremus) and Best Sound Design (John Shivers). The show also received the Drama League, Outer Critics Circle and Broadway.com Awards for Best Musical and the Grammy Award for Best Musical Album, along with many other accolades.

In *Kinky Boots*, Charlie Price has reluctantly inherited his father's shoe factory, which is on the verge of bankruptcy. Trying to live up to his father's legacy and save his family business, Charlie finds inspiration in the form of Lola. A fabulous entertainer in need of some sturdy stilettos, Lola turns out to be the one person who can help Char-

lie become the man he's meant to be. As they work to turn the factory around, this unlikely pair finds that they have more in common than they ever dreamed possible... and discovers that when you change your mind about someone, you can change your whole world.

*Boots*, In the Heights national tour), one of the Angels in the original Broadway company, will strut his stuff as Lola -- something he has done to great acclaim on several occasions in New York as the Lola understudy. CITY OF EL CAJON

ORDINANCE NO. 5016

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EL CAJON REPEALING SECTION 17.130.220 AND ADDING NEW SECTION 17.130.220 TO CHAPTER 17.130 TO TITLE 17 OF THE EL CAJON MUNICIPAL CODE

THE CITY COUNCIL OF THE CITY OF EL CAJON DOES ORDAIN AS FOLLOWS:

**SECTION 1.** Based upon the record as a whole, the Planning Commission hereby finds that the proposed Zoning Code amendment is exempt from CEQA pursuant to the “General Rule” that CEQA only applies to projects that have the potential for causing a significant physical effect on the environment, (CEQA Guidelines, Section 15061 (b) (3)). The proposed amendment is designed to allow theft deterrent fencing (electrified) subject to satisfying certain criteria, and therefore does not raise this project to a level of significance that warrants CEQA analysis because the intensity of allowable development is not increased and there are no potentially significant environmental effects.

**SECTION 2.** Section 17.130.220 of Chapter 17.130 of Title 17 of the El Cajon Municipal Code is hereby repealed.

**SECTION 3.** A new Section 17.130.220 of Chapter 17.130 of Title 17 of the El Cajon Municipal Code is hereby added to read as follows:

17.130.220 Security fencing.

A. The use of barbed wire or razor wire or concertina wire is prohibited except under any of the following circumstances:

- When used to enclose livestock on property zoned to permit livestock.
- When used at least six (6) feet above the ground for security purposes on property in the C-M and M zones, except that the barbed, razor or concertina wire shall not overhang the outside of the fence it is attached to, if the fence is on a property line.
- When used at least six (6) feet above the ground for security purposes on property zoned for residential uses that also abuts a public alley and is located across the alley from property in the C-M and M zones.
- When used for security purposes around utility substations or public easements, as long as the wire does not overhang the outside of the fence it is attached to, if the fence is on a property line.

B. The construction and use of electric theft deterrent devices shall be allowed in the C-M and M zones only as provided in this section, subject to the following standards:

- Definition. For the purpose of this section, an electric theft deterrence device is defined as any bare wire or conductor which is supported on insulators and is located outdoors within ten feet of the ground or a walking surface and is attached to a post, fence, wall, or structure, and which is capable of being energized from any electrical source. As used in this section, an “electric fence” or an “electric security fence” is an electric theft deterrence device.
- An administrative zoning permit processed in accordance with Chapter 17.40 of this title.
- In addition to meeting standard application submittal requirements for administrative zoning permits pursuant to Chapter 17.40 of this title, all applications shall include schematics and load calculations indicating and or displaying the location of the power source; materials used for the fence construction; location of the regulating and monitoring equipment, and location of emergency access, Key Box and cut-off switch.
- The following development standards shall apply to any electronic theft deterrent device:

a. Electric fences shall be minimized from public view for properties located along major and primary streets as indicated on the most recently adopted Circulation Element, and for properties with freeway frontage. A method of visual screening shall be approved by the Director of Community Development.

b. An electric fence may be installed on properties that do not touch, join at the edge or border, or share a common property line with an existing residential land use or a residential zoning district.

c. Electric fences shall be installed behind an approved perimeter wall or fence with a minimum height of six feet.

d. Electric security fence is not permitted within the exterior setback or street side yard setback.

e. The electric security fence proposed adjacent to a sidewalk must be installed behind the side yard and exterior yard setback and a solid masonry wall.

5. The following performance standards shall apply to any electric theft deterrent device:

- Electric fences shall have a maximum height of ten feet.
- Electric fencing shall be installed in accordance with the requirements of the currently adopted edition of the California Building Code, California Electrical Code, and Cal-OSHA standards.
- The electric security fence is not permitted as a perimeter fence or wall.

d. Electric fences shall be clearly identified with warning signs of a maximum of nine square feet, prepared in English, Arabic and Spanish that read: “Warning—Electric Fence” at intervals of not less than 60 feet.

e. Warning signs shall be black typewritten text with a yellow or white background.

f. Warning signs shall not advertise or provide contact information of the electric fence manufacturer.

g. An emergency Knox Box or any other similarly approved device (e.g. Rapid Emergency Access Control Transmitter (REACT) System) must be installed at every gate providing access to a property secured by an electric fence to allow fire department, police department, and/or any other emergency responder access.

h. In the event that emergency access by emergency responders (e.g. Police Department, Fire Department, etc.) to a property where a permitted electric fence has been installed and is operating, is required due to an emergency or urgent circumstances, and the Knox Box or other similarly approved device is absent or non-functional, and an owner, manager, employee, custodian or any other person with control over the property is not present to disable the electric fence, emergency responding personnel shall be authorized to disable the electric fence in order to gain access to the property. As a condition of permit issuance, all applicants issued permits to install or use an electric fence as provided herein agree to waive any and all claims for damages to the electric fence against emergency responding units and/or personnel under such circumstances.

i. No Electric Fence shall be installed or operated with a power source other than a storage battery not exceeding twelve (12) volts direct current, charged primarily with a solar panel; provided, however, in case of inclement weather or other conditions that inhibit the ability of the solar panel to fully recharge the battery, a charging device may be utilized for such purpose, if connected in a manner that ensures that the charging device cannot provide a source of power directly to the fence. In no case shall an Electric Fence be connected to any other electric power source.

j. AC current shall not be used to energize any electric fence.

10. The following requirements for indemnification shall apply:

a. The applicant or property owner agrees to defend, indemnify, and hold harmless the City of El Cajon or its agents, officers, and employees from any claim, action or proceeding against the City of El Cajon, or its agents, officers, or employees resulting from the approval and installation of an electrical security fence. Prior to issuance of the administrative zoning permits required in this section the applicant or property owner shall execute such indemnification and hold harmless agreements reflecting the obligations required under this subdivision (6), in such form as approved by the City Attorney.

b. The City of El Cajon shall promptly notify the applicant or property owner of any claim, action, or proceeding and the City of El Cajon shall cooperate fully in the defense.

c. If the City of El Cajon fails to cooperate fully in the defense, the applicant shall not thereafter be responsible to defend, indemnify, or hold harmless the City of El Cajon.

- Prior to the approval of any request to install an electrical security fence within the City of El Cajon, and at all times that the permit is in force and effect, the owner of the electric fence and the property owner(s), if different, shall provide to the City a certificate of commercial general liability insurance covering third party liability risks in a minimum amount of \$1,000,000.00 combined single limit per occurrence for bodily injury, personal injury, and property damage insurance with the City, and its elected and appointed officers, officials, and employees, named as an additional insureds on the policy or policies. Failure to maintain coverage as required by this paragraph 11 shall be the basis for the revocation of the administrative zoning permit.
- Addition of the electrical security fence shall in no way preclude the installation and maintenance of required landscaping.

C. Chain link fencing shall be installed so that all pointed edges are facing downward unless the fence has been approved as a security fence as described above.

D. It shall be unlawful, and a misdemeanor for any person to install, maintain or operate an electric fence in violation of these development standards.

**SECTION 4.** This ordinance shall become effective thirty (30) days following its passage and adoption.

NOTICE TO POTENTIAL BIDDERS: If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may

exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of California Civil Code. The law requires that information about trustee sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (714)573-1965 or visit this Internet Web site [www.priorityposting.com](http://www.priorityposting.com) using the file number assigned to this case 14-06-002. Information about postponement that are very short in duration or that occur close in time to the scheduled sale may not immediately be reflected in the telephone information or on the Internet Web site. The best way to verify postponement information is to attend the scheduled sale. We are attempting to collect a debt and any information we obtain will be used for that purpose whether received orally or in writing. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same lender may hold more than one mortgage or deed of trust on the property. NOTICE TO PROPERTY OWNER: The sale date shown on this notice of sale may be postponed one or more times by the mortgagee, beneficiary, trustee, or a court, pursuant to Section 2924g of the California Civil Code. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call (800) 280-2832 or visit this Internet Web site [WWW.AUCTION.COM](http://WWW.AUCTION.COM), using the file number assigned to this case 8686-015283-F00. OUTZKIRTS

By: David & Doreen Dotson

I know that you have heard of "compound words." They are two whole words "added" together to make one new word. For example: water + fall = waterfall.

Now I'm going to tell you about words that are created when two words are "smashed" or blended together into one word, but the one word still means two things. An example of this is the word "motel." Motel is made up of two words "motor" + "hotel." A motel is a hotel where you motor or "drive" right up to the door!

The word sets below are being "blended" to make new words that mean the same as the two words making them up. **Cover the answer key and try to fill in the new words in the blanks below before peeking at it.**
