Bulls Only Rodeo

“The Most Dangerous Sporting Event in America” Voted by “Sports Writers of America”

The Lakeside Rodeo Arena will be hosting the Lakeside Optimists' Bulls Only Rodeo Friday and Saturday, July 17 and 18.

The Bulls Only Rodeo! Bull Riding has become the epitome of rodeo excitement! While there are other popular rodeo events, bull riding... dangerously yet predictably exciting, is consistently a crowd favorite. In addition to the excitement of bull riding, other rodeo events such as Wild Horse Racing and Mutton Busting (both equally crowd pleasing) will be included in the Bulls Only Rodeo show.

This show raises money for the Lakeside Optimist to provide for the needs of the youth of our community.

Shows start at 7:30 p.m. each night. Tickets are \$15 for adults and \$10 for children 10 and under. Call (619) 443-2447 for more information.

La Mesa resident Zeenkov receives leadership award

10NEWS honors Joan Zeenkov for her dedication to the Sharp Hospice Care's Memory Bears program. From the garments of deceased loved ones, Joan creates custom sewn bears to serve as a priceless heartwarming piece of memorabilia for the grieving family members.

The program was created in 2002 at Sharp HospiceCare which is a Medicare certified hospice program that provides comprehensive care and compassionate support for patients with a life-limiting illness. Joan, along with a team of volunteers sew bears to help support these families in their time of grieving by giving them a memorable gift made from

their loved ones belongings. The program is fully funded by generous voluntary donations from memory bear recipients. Since 2002, Joan alone has sewn over 500 bears.

Joan is currently retired and describes herself as a “professional volunteer” offering her time and services to programs and organizations all over San Diego. She started an “Advanced Bear Making” program that helps people who are struggling to grow and expand in their creative skills. She continues to spend many hours mentoring and nurturing new bear makers and has a strong desire to see others succeed and provide a quality product to each recipient. Joan has been known to provide “surgical intervention” when bears from other programs have come into the office with “flaws.” Joan lovingly remakes them so that each recipient has a perfect gift.

Joan received the 10News Leadership Award on Tuesday June 16 in the category of

Volunteerism. Watch 10News, Live @ 6:00 on Thursday, July 16th, 2009 for the presentation of the award. For more information, please contact Sharp HospiceCare at (619) 667-1913 or visit <http://www.sharp.com/hospice/>

Lakeside Round Up of events

by **Patt Bixby**
San Vicente Dam reaching new heights

Nearly 200 local water, business and community leaders along with California Secretary for Natural Resources Mike Chrisman gathered near San Vicente Dam site in Lakeside to commemorate the start of construction of the \$568 million Dam project.

The commemoration on July 9 marked the beginning of construction for the San Vicente Dam Project, the tallest dam raise ever in the United States. The existing San Vicente Dam was completed in 1943, the original designers of the San Vicente Dam planned for a 120 foot raise. The new dam will be as strong as the existing dam and designed to withstand a 7.5 magnitude earthquake.

Maureen A. Stapleton, General Manager, San Diego Water Authority said the project, which will also be the tallest dam raise in the world using roller-compacted concrete will take three years to complete. The 220 foot tall dam will be raised by 117 ft., an additional 152,000 acre-feet of storage will be provided. The San Vicente Dam raise will

provide 100,000 acre feet of carryover water storage for use during dry seasons. Had this additional storage been available today, it could have significantly reduced the need to cut back water deliveries to our member agencies, said Water Authority General Manager Stapleton.

"Raising San Vicente Dam will provide the biggest increase in regional water storage in San Diego County history," said the Honorable Claude A. "Bud" Lewis, Board Chair, San Water authority and mayor of Carlsbad. When the dam is completed it will greatly expand the capacity to hold emergency water supplies and water storage for use during dry seasons.

California Secretary for Natural Resources Mike Chrisman praised the Water Authority, "This project is an excellent example of the kind of new infrastructure California needs to respond to our water supply challenges."

The first construction phase of the San Vicente Dam Raise project began in July and will continue through summer 2010. Preparations will include preparing the existing dam to be raised by excavating the foundation, filling any crevices with concrete and preparing

Local representatives at San Vicente Dam to commemorate the start of construction. Photo by Patt Bixby

the face of the dam to create a strong bonding surface for the new concrete.

The next phase of construction installing the new concrete to raise the height of the dam is scheduled to begin in the spring of 2010. The project completion date is expected to be 2012.

The new dam will be built on top of the existing dam using roller compacted concrete, which has the strength of conventional concrete but can be placed in less time at lower cost. Roller-compacted concrete is placed in layers, one on top another without interruption so crews can work 24 hours a day, seven days a week. Roller-compacted concrete is made with much less water and cement than conventional concrete and has the consistency of wet gravel or cookie dough.

Mining the aggregate on site of the roller-compacted concrete will reduce over 100,000 truck trips over a six month period during roller-compacted placement.

The Water Authority will build a new marina with improved access road, more boat ramps and a larger parking area.

San Vicente Reservoir will re-open to recreation sometime between 2014 and 2017 when the water level reaches the boat launch ramp at the

new marina. The amount of time to refill the reservoir will depend on water supply and demand.

Jack Innis has made an extensive study of the wonderful and often-times quirky history of San Diego. His book brings together for the first time the extraordinary accounts of famous and infamous people, places, and events in San Diego's past. He has the stories behind the news stories. Sharp HealthCare among Nation's Top 100

For the 11th consecutive year, Sharp HealthCare has been named one of the top 100 "Most Wired" systems in the country by *Hospitals & Health Networks* magazine, official publication of the American Hospital Association. Recognized in the magazine's annual Most Wired Survey and Benchmark Study, as a leader in medical technology, Sharp HealthCare is one of only six health care systems in the nation to receive such notice all 11 years of the survey.

On July 8, Sharp HealthCare, along with the five other organizations recognized all 11 years, will be acknowledged at Health Forum and the American Hospital Association's Leadership Summit being held at the San Francisco Marriott in San Francisco. The Leadership Summit will gather 1,200 health care executives from across the U.S., with a focus on creative thinking and strategic approaches to health care quality, safety and performance improvement.

This year's survey was made possible through a partnership among H&HN, McKesson Corp., the American Hospital Association and the College of

Healthcare Information Management Executives. It asked the nation's hospitals to report their use of information technology in five key areas: safety and quality, customer service, business processes, workforce, and public health and safety. This year, 556 hospitals and health systems, representing 1,327 hospitals, participated in the survey.

A 2007 Malcolm Baldrige National Quality Award recipient, Sharp HealthCare is San Diego's most comprehensive health care delivery system. It is recognized for clinical excellence for services in cardiac, cancer and multiorgan transplantation, as well as orthopaedics, rehabilitation, behavioral health and women's health. Sharp HealthCare has been widely acclaimed for its commitment to transform the health care experience for patients, physicians and staff through an organization-wide performance improvement initiative called The Sharp Experience. The Sharp system includes four acute-care hospitals, three specialty hospitals, two affiliated medical groups and a health plan. To learn more about Sharp, visit www.sharp.com.

Laughter is the Best Medicine

Christian humor

Jesus and Satan were having an on-going argument about who was better on the computer. They had been going at it for days, and frankly God was tired of hearing all the bickering.

Finally fed up, God said, 'THAT'S IT! I have had enough. I am going to set up a test that will run for two hours, and from those results, I will judge who does the better job.'

So Satan and Jesus sat down at the keyboards and typed away.

They moused.

They faxed.

They e-mailed.

They e-mailed with attachments.

They downloaded.

They did spreadsheets!

They wrote reports.

They created labels and cards.

They created charts and graphs.

They did some genealogy reports .

They did every job known to man.

Jesus worked with heavenly efficiency and Satan was faster than hell.

Then, 10 minutes before their time was up, lightning suddenly flashed across the sky, thunder rolled, rain poured, and, of course, the power went off.

Satan stared at his blank screen and screamed every curse word known in the underworld.

Jesus just sighed.

Finally the electricity came back on, and each of them restarted their computers. Satan started searching frantically, screaming:

'It's gone! It's all GONE! I lost everything when the power went out!'

Meanwhile, Jesus quietly started printing out all of his files from the past two hours of work.

Satan observed this and became irate.

'Wait!' he screamed. 'That's not fair! He cheated! How come he has all his work and I don't have any?'

God just shrugged and said,

JESUS SAVES....

Who's who at Market in the Park

by Diana Saenger

The Farmer's Market at the Viejas Outlet Center, part of "Tuesdays in the Park," has only been in existence for several weeks but is already planned to continue past the original August 25 final date.

"It's so popular, and we're getting such wonderful ven-

dors with great products that we decided to continue it year round," said Diane Haworth, event director for Market in the Park.

Currently nearly 40 vendors selling everything from fresh food, fresh seafood and flowers to garden products and gifts line the sidewalks and grass areas of the Center's concert area.

This week's spotlight is on Italian Ice Queen, Inc. and Heartland Harvest. Bettyann Pernice heads up the San Diego company that places a booth at farmers markets, corporate events, weddings, parties, carnivals, festivals and fundraisers. Italian Ices consists of a water-based, fat-free, dairy-free, cholesterol-free, and high fructose corn syrup-free gourmet dessert of many different flavors including lemon, mango, strawberry, rainbow and others. "It's really delicious," said Fran Cardrant at the Italian Ice Queen booth at the Viejas Farmer's Market. "It's vegan, kosher, and everyone loves it." Cardrant manages the East County area for Italian Ice Queen, Inc.

Eight-year old Ashley Pleiss, visiting Movies in the Park from Denver, Colorado, said, "It's the best treat ever!"

For more information call (858) 613 -1950.

Heartland Harvest is a whole grains food company started by Pamela Leather who creates all the recipes herself. "I fell in love with whole grains in the 90s and it has been the most affective diet in my life," she said.

Each main dish has a serving of veggies that are naturally high in fiber, with rice cooker or crock pot options. Meat lovers can just add meat to recipes such as Cari-Bean Soup, Black Bean Chili, Jambalaya or other dishes. Each product comes neatly packaged in its own bag. They are products for vegans, vegetarians, for main meals or breakfast and side dishes. At her booth Leather gives out small samples of several different items each week. Customers can buy at the booth or order online at www.heartlandharvest.com

MOTORSPORTS

2010 Mazda 3 Grand Touring car

2010 Mazda 3 Grand Touring car. Photos by Dave Stall

by Dave Stall

The newly redesigned Mazda 3 has hit the ground running and it couldn't have picked a better time to come out with a new wardrobe. Lots of new angles to the Mazda 3, which comes with a much better sports flair than previous models but buyers can still stop at the big box store and hit your normal \$300 purchase (I think anything bought at a big box store that costs less than a \$100 be free). What we have here is a

five door people mover with a lot of style. The outside is obvious but once inside I was taken back by the audio system, not like any I had seen in a while. The audio system was integrated into the dash so replacing the sound system would seem to be a chore if not impossible, AM/FM/CD with MP3 and six speakers is standard. But wait, I have an updated Mazda 3 and this baby came with a whopping 245 watt Bose® Centerpoint® 10 Speaker Surround Sound System and yes it comes in a

package that includes a Moon Roof with a one touch opening system. Back to the audio system for a moment. A Sirius Radio with six month free subscription and a perimeter alarm is also included, and let's not forget the Bluetooth — remember we are a hands free state?.

Another added feature ordered by the dealer was an in-dash six-disc CD Changer that is MP3 compatible, and last but not least, a navigation system tucked up in the top of the dash area sharing a pace with an information center that, I must admit, works very well as far as ergonomics go! Since we are talking about options, the only other option picked out by the dealer is the Technology Package with includes full color Navigation system, advanced keyless entry and a push start ignition, just keep the key fob close by and no need for a key to start, lock or unlock the Mazda 3.

Since we are still inside the Mazda 3 let's talk seating. Very comfortable and well adjustable leather trimmed seating, eight-way power driver seat, three position memory, in the rear is a 60/40 split rear seats for added storage space.

Under the hood power comes from a very efficient 2.5-liter dual overhead cam 16-valve Variable Valve Timing (VVT) in-line four cylinder engine backed by a 5-speed electronically controlled automatic transmission that really gets the job done in city and freeway driving. There are two manual transmissions, available but they only come in certain models but they are a 5-speed and a 6-speed manual transmission, also a Dynamic Stability Control (DSC), Traction Control System (TCS) and it is a front wheel drive vehicle. With the standard set of 17-inch tire and wheel package and the fuel mileage should get 22 miles per gallon in the city

Back side of Mazda 3. Photos by Dave Stall

and 29 miles per gallon on the freeway, that is how my tester would fair on the roads.

My impression was on a scale of one to 10, 10 being the best, I would have to give it a 9.5. Why? I like a manual transmission. This is a great car to put on your family hauler wish list, and it has a base price of only \$15,045. My tester came fully loaded out the

gate at \$25,640 plus tax and license. There wasn't enough room on this page to talk about safety, but trust me, Mazda has their customers in mind when it comes to safety.

My tester came from Hine Mazda in Mission Valley. In one month period they lost all of their franchises except the Mazda. If you stop by to see them, tell them I sent you!

Bumper-To-Bumper with Dave Stall

Dave: I have a '94 Crown Victoria with 290,000 miles. It's been a great reliable car. However, with its advanced age, the headlights effectiveness have deteriorated. The bulbs inside the lens are o.k. but it seems to me that the lens have become obscured and the light will not shine through properly. I think that maybe because of accumulated exposure to the sun and ultraviolet light, the clearness has been compromised. Have you ever heard of this problem and is there a product that will restore the clearness? A left and right lens will probably cost a fortune from Ford parts. Thanks, Robert.

Robert: Yes it is a common problem with cars with plastic headlight covers. There are companies that will restore your headlight covers, the shop I recommend is Bumper Doc, check them out on the web at www.bumperdoc.com and see if they have someone in your area. I know they will restore your headlights for around \$35 per headlight, not bad when the replacement from Ford is over \$200 per headlight.

Dave: For the past several years I have attended the San Diego Auto Show, and each time I have come away disappointed. No one can answer technical questions. There are booth babes, sales people, and minimum wage people in lab coats and they all have a canned speech. I have tried to ask intelligent technical questions but each time I am told "I don't know", I am ignored and walked away from. Whoever sponsors this show needs to put in people who are technically competent so we can ask, and receive answers to, relevant technical questions. Dave.

Dave: You need to become an automotive journalist so you can go on press events and sit with the engineers that build the cars and trucks we drive and ask as many questions as they are allowed to answer. But there is an alternative, radio or web radio. I do both, and the one you would want to listen to is You Auto Know every Saturday from 3 to 5 pm on KCBQ The You Auto Know Show. I may not have all the answers but I assure you I won't hang up or walk away from you. I will get you your answers and you can email me or listen to my radio show.

Pictured from left to right: Kurt Anderson, General Manager Bob Baker Subaru Daniel Page, Subaru Field Service Manager Tim Murphy, Subaru Market Operations Manager David Napoleon, Monte Vista Assistant Principal Michael Fleming, Ayes Auto Instructor.

Subaru of America, Inc., along with Bob Baker Subaru, donated a vehicle for use in advancing education at a local Automotive Youth Education

Systems "AYES" school. This time a 2009 Subaru Legacy was donated to the Monte Vista High School program. The previous vehicle, a 2006 Subaru Legacy, was donated

to Ontario High School.

Kurt Anderson of Bob Baker Subaru thought it would be a great idea to donate the 2009 Legacy to the school and worked with Daniel Page, southwest field service manager for Subaru, to make the donation a reality.

"The payback to all manufacturers through programs such as AYES, cannot be measured, it is the future of our industry," said Page.

Monte Vista, located in Spring Valley, has an AYES program which is taught by Monte Vista's Auto Shop Instructor, Mike Fleming. Mr. Fleming was very excited about the possibility of having the car to help advance his students' education.

"The students will be thrilled to have such new technology as well as a Turbo Charged Vehicle for learning," said Mike Fleming, auto shop instructor for Monte Vista High School.

Subaru of America, Inc. is a wholly owned subsidiary of Fuji Heavy Industries Ltd. of Japan. Padres Headley to visit Santee bank

Mission Federal Credit Union will host Padres outfielder Chase Headley at the Santee branch this Saturday, July 18 from 11 a.m. to 12 noon. The branch is located at 245 Towne Center Parkway in Santee. The event is open to East County families. If you have a young baseball fan age 12 and under at home, round them up and bring them to meet Chase, who is making a VIP appearance as part of the Mission Fed Community Home Run Challenge initiative to cheer on the Padres and give back to deserving kids in the community. For every home run the Padres hit this season, Mission Fed will make a donation (up to \$5,000) to the YMCA of San Diego County programs to benefit at-risk, underserved youth.

Kids and their families will be able to pose for pictures with Chase and get an autograph or two, on a glove, baseball, hat, bat or t-shirt of your own, or on an official photo of Chase provided at the event. Kids will also have a chance to win cool Padres giveaways on-site at the event. Refreshments provided by XX Sports Radio.

7. Parks & Recreation

APG Parks & Recreation Subcommittee

1. Presentation by Charles Marchesano & Gustavo Godoy,

San Diego County Parks & Recreation:

* The park land development process, and its restrictions, under the Park Land Development Ordinance (PLDO).

2. Discussion & Vote: Change in the APG park land priority list.

* PLDO restrictions require changing the APG priority list. The only property & project ready to go is the Albertsons site. This project becomes Priority #1.

* The Tom Dyke/Sheriff's sites (~10 acres) remain the most viable large park land site going forward. But development action can not start until the General Plan Update is approved (2010) and Mr. Dyke then relocates his blasting magazine. This project becomes Priority #2 (continuing in parallel to be actively pursued).

* Although the Grossmont UHSD board has approved the purchase of the Lazy A ranch site for an Alpine high school, several steps remain in the approval process for building school facilities; including the sports complex. The district's target opening date is fall 2013. This project becomes Priority #3 (continuing in parallel to be actively pursued).

3. Discussion & Vote: Authorize Alpine's PLDO funds to be used for the design & construction of the Albertsons site.

* The APG had previously authorized Alpine PLDO funds (~\$400,000) to be used for purchasing additional properties in the Tom Dyke/Sheriff's area. However, PLDO terrain restrictions preclude this; and development of the general area as parkland must await General Plan approval (see revised priority list above). As the Albertsons site is the only one ready to go, and as the PLDO funds appear sufficient to complete this project, it is recommended to change the PLDO funds allocation to the Albertsons site's development.

4. Discussion & Vote: Authorize the County of San Diego to evaluate Park Land for Alpine Youth (P.L.A.Y.) as the suitable local entity to undertake the operation & maintenance obligations of the Albertsons site as a park.

* Under PLDO, the County no longer operates & maintains parks. Development of the Albertsons site into parkland requires a local non-profit to step forward and to undertake the obligations of park maintenance & operation. As P.L.A.Y. was set-up for this undertaking, the APG needs to vote to authorize the County to perform an evaluation of P.L.A.Y. as a suitable vehicle for this. It is likely that P.L.A.Y. will have to sign a long-term lease/operations/maintenance agreement with the County.

8. ADHOC Sub Committees

1. Discussion and Recommendations (Vote): Disband the City-hood Adhoc Committee.

Update: Mission America

by Dr. Luana Stines

Traveling across the United States of America, I am now in Columbia, South Carolina. I wanted to share with you the exciting things that have been happening. Over 400 people have received Christ as their Lord and Savior in 50 days, and over 20,000 gospel tracts with a clear witness have been handed out. I will be speaking for three days at the State

Capital in Columbia, South Carolina. Bringing THE UNSHAKABLE HOPE FOR AMERICA, JESUS CHRIST to the steps of Columbia's State House! From San Diego, California compelled to drive across the United States to every state challenging Americans to return to the moral heritage of our nation. My husband was brutally murdered caught in the act of adultery; and I raised two children as a single mother. Knowing it is crucial to re-establish a firm Christian foundation in our elected officials. I, Dr. Luauna Stines cry aloud, "Calling all Christians, it's time to stand; this is a nation of Christians!"

You will have to go to my website to read each day of Mission America; it would take the entire newspaper to give all the details of my journey thus far. www.atouch-fromabove.org

I am excited to share with all my dear friends who read this column weekly and those of you have given me positive response, I am grateful for your kindness and will later address questions and answers in a few weeks. God bless you!

Proverbs 22:28, "Do not remove the ancient landmark which your fathers have set."

There's still time to enter 'Tails from the Road' video contest

Sunscreen...check. Kids...check. Video camera...video camera? When packing up the family for your next RV vacation, don't forget to bring along your favorite four-legged family member and a video camera to capture funny on-the-road events that could win you cash prizes and a new GPS.

Go RVing is reaching out to pet lovers, RVing aficionados, video gurus and anyone with a sense of humor to participate in its first Internet video contest, hosted on Facebook. In an effort to allow contestants to capture more of their summer RV travel experiences and funny clips, Go RVing has extended the entry deadline to August 7.

According to research conducted by the Recreation Vehicle Industry Association, half of the nation's eight million RV owners travel with their

pets. With these furry, winged or scaly family members in mind, Go RVing developed the contest as a social-media experiment designed to discover what happens when America's love affair with its pets is combined with its love of the great American road trip. Mix in creativity, humor and a video camera and it's a recipe for some very funny videos.

The grand prize winner of the "Tails from the Road" contest will receive \$1,000 and a Motorola Motonav GPS and will have his or her winning video featured on GoRVing.com, Go RVing's Facebook fan page and YouTube. The second prize winner will receive \$500. Prizewinners will be announced on September 2.

The "Tails from the Road" contest asks contestants to create a positive, humorous video featuring a pet traveling in an RV. The video must be no more

than 1 gigabyte (GB) in size and five minutes in length, and can even be shot from Fido's or Polly's perspective.

Selected video submissions will be posted on Go RVing's Facebook page for thousands of RVing fans to see. Videos will be judged by the Go RVing Facebook community. Voting begins on August 10 and continues through August 30.

For complete contest details, visit GoRVing.com.

The Go RVing Coalition, formed in 1994, consists of RV manufacturers, component suppliers, dealers, and campgrounds. Go RVing works to provide the public and media with information about the benefits of RV travel and foster customer satisfaction with the RV experience through customer research conducted by its Committee on Excellence.

ADOPT-A-PET

Vizsla is a 2-year-old Hound mix female. This gorgeous girl is the embodiment of sweetness. Molly would like nothing more than to spend her day hanging out with you, snuggling on the couch, or going for an adventure with your family. She has just spent her last few weeks caring for her litter of puppies, and now that they've all been adopted, it's time for her to get some extra love and affection from her new family. We think Molly would do best in a home with older children (12+) or adults. Molly loves to play with toys, other large dogs (no small dogs, please!) and also loves just to be near you. Can you give this incredibly friendly girl a home? For more information, please call Kathy at (858) 205-9974.

Peaches is as sweet as her name implies! She's a spunky, 1-yr old Pekingese mix, weighing just 11 pounds. Peaches loves outings and enjoys the company of other dogs. She's looking for an adopter to take her on adventures, invest time in her obedience training, and give her a lap to cuddle in. You'll be rewarded with unconditional love and little doggy kisses. Peaches is being fostered in a private home as part of the FOCAS (Friends of County Animal Shelters www.focas-sandiego.org) rescue program. To arrange a meeting, call 858-205-9974. Her \$150 adoption fee includes microchip, license, vaccinations, and spay.

Tabatha is a beautiful 2-yr old short hair cat, weighing just 9 pounds. She is mellow and loving - the kind of kitty that will give you the greeting you deserve after a long day at work. She is looking for an adopter to give her lots of lap time in a low-key home. Tabatha loves playing with feather toys, and her social interests are geared more toward humans than other cats. This low-maintenance girl is available for adoption through FOCAS (Friends of County Animal Shelters www.focas-sandiego.org). To arrange a meeting or for more information, call (619) 579-7172.

YOUR PET'S HOME AWAY FROM HOME

Plush Puppies is the alternative to traditional boarding where play time is ALL the time. We offer "free-range" kenneling which means your four-legged friend will come out & play all day long - just like at home! Our commitment to you is to provide a safe, fun, & loving environment for your animal companions so you will have peace of mind while you're away from home.

Here at Plush Puppies we provide a fun and pleasurable experience for your dog or cat. Your pet will be given personal attention to make sure that their stay here is a "plush" experience. All dogs will be interviewed prior to their acceptance into daycare or boarding. Each dog admitted to Plush Puppies must not have any aggressive tendencies, and must play fairly with their fellow canines.
